NET CONTENTS: 1 QUART LIQUID

8442-2

TST is an efficient bacteriostat for use in waste holding tanks, recirculating, and portable toilets. TST aids in the sanitary disposal of toilet waste. TST instantly and effectively reduces odors.

DIRECTIONS FOR USE

TO CHARGE: Add 2 ounces of TST and 2 quarts of water to waste holding tank. Or use amount of water recommended by manufacturer of toilet.

TO CONTROL ODORS OF WASTE HOLDING TANK BETWEEN CHARGES: Add 2 ounces of TST as needed.

TO CLEAN WASTE HOLDING TANK AFTER EMPTYING: Close valve, add 2 ounces of TST and one gallon of water to waste holding tank. Let stand 1 hour, or as long as possible. Then drain and recharge.

FOR BEST RESULTS: Clean while traveling with above solution in tank. The agitation will aid the cleaning action in the entire tank.

ACTIVE INGREDIENTS: Soap 10.04%, Homopanol 7.0%, o-Benzyl p-chlorophenol 1.04%, Methyl Salicylate 0.02%.

INERT INGREDIENTS: 75%.

CAUTION: Avoid contact with the skin and eyes. If contact with eyes occurs, wash with plenty of water. If irritation persists, get medical attention. If concentrated material gets on the skin, wash with soap and warm water. Avoid contamination of food. Drain empty container thoroughly with water and discard it.
