SNO BOL[®]

POWDERED TOILET BOWL CLEANER

**ONLY YOU CAN MAKE THIS CAP CHILD-SAFE
BY RESEALING AFTER EVERY USE.**

TO OPEN: Press thumbnail down on dot. Lift tab and pull. Entire cap will lift off.

TO CLOSE: Reseal cap securely. Be sure that tab is completely depressed and snapped shut.

Kills household germs. Removes stubborn stains, even rust and hard-water marks. Deodorizes, leaving the bowl with a clean fresh fragrance. Safe for white and colored bowls. Will not harm septic tanks.

To disinfect and clean-flush toilet to wet surfaces. Sprinkle 1/2 cup of SNO-BOL on bowl sides and into water. Let stand for a few minutes, then brush and flush. For bowls badly discolored from lime or rust, follow steps above. Apply more SNO-BOL to remaining stains. Let stand at least 1 hour; preferably overnight. Brush and flush. Repeat if needed.

To clean trap or outlet-sprinkle SNO-BOL into toilet bowl freely. Let stand for several hours or overnight. Hidden incrustations will dissolve. Repeat twice weekly for thorough cleanliness. SNO-BOL helps eliminate unpleasant odors.

DANGER

CORROSIVE. CONTAINS SODIUM ACID SULFATE
Harmful or fatal if swallowed. Damaging to eyes. Irritating to skin. Keep out of reach of children.

Do not use with chlorine type bleaches, cleansers or other chemicals, as harmful fumes may result. Do not use on bathtubs, washbowls, sinks, or other enamel surfaces, will not injure porcelain toilet bowls.

FIRST AID EXTERNAL

Flood the surface with water using soap freely, then cover with moist Magnesia or Baking Soda. If splashed in eyes, wash thoroughly with water. CALL PHYSICIAN.

FIRST AID INTERNAL

Give Milk of Magnesia, chalk or whiting suspended in much water, milk or raw egg whites. CALL PHYSICIAN.

DO NOT REUSE CONTAINER. DESTROY WHEN EMPTY.
