SHIELD-BRITE S-350

SHIELD-BRITE coatings are applied to apples to appreciably improve display appearance.

NOTICE TO BUYER

Directions and cautions for use of this product are based upon tests believed to be reliable. The use of this product being beyond control of the manufacturer, no guarantee, express or implied, is made as to the effects of such use or the results to be obtained if not used in accordance with printed directions and established safe practices. Buyer is cautioned to consult with local pest-control specialists for information on established safe practices in relation to this product. Buyer must assume all risks of improper storage and application of this product, or its use in combination with other materials. These risks include but are not limited to damage to the fruit or vegetables to which applied, or to its appearance, and personal injury. Buyer accepts the product on these conditions. Anyone not accepting these conditions must return the product in its unopened container within 5 days following date of receipt of the product, and after each return seller will promptly refund the purchase price.

55 U.S. GALLONS

45.8 IMPERIAL GALLONS

SHIELD-BRITE S-350 contains Thiabendazole as an aid in the control of mold & decay on apples.

ACTIVE INGREDIENTS:

2-(4-thiazolyl) benzimidazole (Thiabendazole) . . . 0.1%

INERT INGREDIENTS: 99.9%

CAUTION:

Keep Out of the Reach of Children
Do not take internally. Avoid contact with eyes. In case of contact, wash eyes with water. Do not reuse empty drum. Return to drum conditioner or destroy by perforating or crushing and burying in a safe place.

E.P.A. Reg. No. 8501-18

DIRECTIONS

SHIELD-BRITE is ready-to-use. Do not dilute with water or mix with any other substance.

Apply to fruit as a spray with **SHIELD-BRITE** applicator.

Applicator systems should be flushed with fresh water at the end of each day's operation.

Use **RESTORE** to remove dried **SHIELD-BRITE** residues from brushes and equipment.

WARNING: FLAMMABLE.
Keep away from heat and open flame.

NOTICE TO BUYER

For reference, all claims for use of this product are based upon tests deemed to be reliable. The use of this product being tested and controlled by the manufacturer, no guarantee, express or implied, is made as to the effects of such use or the results to be obtained if not used in accordance with printed directions and established safe practice. Buyer is cautioned to consult with a qualified horticultural specialist for information on established safe practice in the use of this product. Buyer must assume all risks of improper use and application of this product and its residues in connection with other materials. These risks include, but are not limited to, damage to the fruit or vegetable. When used in accordance with printed directions and personal safety, however, no harm will result. Anyone applying this product must retain the product in its original container with the label following date of receipt of the product. If the product is not used or is not promptly returned to the manufacturer, it will be destroyed.
