SHIELD ETHOXYQUIN

For Post Harvest Use on Apples & Pears to Help Control Scald

NOTICE TO BUYER

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond control of the manufacturer, no guarantee, express or implied, is made as to the effects of such use or the results to be obtained if not used in accordance with printed directions and established safe practice. Buyer is cautioned to consult with local pomology specialists for information on established safe practice in relation to this product. Buyer must assume all risks of improper storage and application of this product, or its improper use in combination with other materials. These risks include but are not limited to damage to the fruit, or vegetables to which applied, or to its appearance, and personal injury. Buyer accepts the product on these conditions. Anyone not accepting these conditions must return the product in its unopened container within 5 days following date of receipt of the product, and after such return seller will promptly refund the purchase price.

CAUTION: Keep Out of the Reach of Children

May cause skin irritation. Avoid skin contact. In case of contact, wash immediately with soap and water. Wash thoroughly after handling. Rinse this container when empty with water and discard it. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

5 U.S. GALLONS

EPA REG. NO. 8501-23
EPA EST. NO. 8501-WA-1

ACTIVE INGREDIENTS:

1, 2-dihydro-6-ethoxy-2, 4-trimethylquinoline*

INERT INGREDIENTS:

*Equivalent to 4.5 lbs. per gallon

Consult with your local Agricultural Extension Service specialists for recommended combinations of ETHOXYQUIN with other chemical products.
Do not apply to fruit later than one week after harvest.

ACCEPTED
UNDER THE FEDERAL PESTICIDE ACT
FOR ECONOMIC ANALYSIS AND REGISTRATION UNDER NO. 58329
TO ATTACHED COMMENTS.

47.8%

DIRECTIONS

Apply use-solution to fruit through a line spray system, only.

USE SOLUTION

1. Prepare 2650 ppm use-solution by adding 1/2 gallon SHIELD ETHOXYQUIN to 100 gallons water.
2. Use-solution should be continuously mixed.
3. Use-solution can be used only once.
4. Make application at a point in the line where rinse water will not be diluting the use-solution.
