

DIRECTIONS

Federal Law to use this product in a manner inconsistent with the label. MOSS STOP will harm plants which it may contact, including plants, or grass. Keep children and pets off treated areas until dry.

PREPARING USE SOLUTION

For heavy moss: 1 1/2 gal liquid. Add 1 quart MOSS STOP to 1 1/2 gal water. (Add half of water to sprayer, then add MOSS STOP and the rest of water and stir gently with stick.)

AMOUNT TO APPLY

HEAVY MOSS DEPOSITS Apply 1 1/2 gal use-solution to each 250 sq. ft. of roof. **LIGHT MOSS DEPOSITS** Apply 1 1/2 gal use-solution to each 400 sq. ft. of roof. Do not apply solution too rapidly, cover half the sprinkling holes.

Roof must be extremely well cleaned following use, as residual solution will harm plants.

It is necessary to wet the roof with MOSS STOP solution. Exercise care enough to wet the roof—generally just short of causing runoff. When moss is wet with rain as wet moss will not absorb solution on treated areas while wet, so shoes will not carry heavy deposits of dead moss can be raked off if desired treatment.

PRECAUTIONS Exercise special care. Do not allow use solution on edges onto plants. Cover plants with plastic sheets to protect them when not raining to prevent runoff.

WALKS AND WALLS

See directions above. Apply solution to concrete, brick or wooden surfaces with brush or paint roller, only when not raining. Apply solution to wet the moss.

PRECAUTIONARY STATEMENTS

HUMANS & DOMESTIC ANIMALS WARNING

Irritation. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or clothing. Do not breathe spray, mist. Wash thoroughly if clothing is contaminated, wash before reuse.

STATEMENT OF PRACTICAL TREATMENT

Plenty of soap and water. Plenty of water. Get medical attention. Plenty of milk and call physician immediately.

HAZARD This product is toxic to fish and wildlife. Do not apply when weather conditions favor drift.

STORAGE & DISPOSAL

Do not store in food or feed containers. Do not store in food, feed, fertilizer, or other plastic containers. Do not store in contact with and put in trash containers.

NOTE: Wear rubber gloves, foot coverings, and goggles. Do not breathe spray, mist. Wash thoroughly if clothing is contaminated, wash before reuse. Use only.

STATE GUARANCES: See State workbooks for application instructions.

MOSS STOP

Kills Moss Stops Dry Rot

Controls deterioration from fungus organisms for several years

Apply any time of the year

NET CONTENTS: 1 US quart (32 fl. oz.)

THE COOPER NATIONAL CORPORATION
P.O. BOX 9999
PHILADELPHIA, PA. 19108
MADE IN U.S.A.

8501-31

APR 1983

AMOUNT REQUIRED: Will require 1 quart of MOSS STOP for every 500 sq. ft. of roof. Will require 1 quart of MOSS STOP for every 800 sq. ft. of roof.

DIRECTIONS

Read and follow Federal Law to use this product. Use only on moss and algae.
Use care when applying MOSS STOP will harm plants which it may contact.
Prevent contact with trees, plants, or grass.
For use on roofs, walkways, patios, and other surfaces of treated areas, use a
protective covering.

PREPARATION OF SOLUTION

Always prepare solution in a clean container. Add 1 quart of MOSS STOP
solution to 1 gallon of water. A solution of water and MOSS STOP
solution will kill moss and algae.

AMOUNT TO APPLY

HEAVY MOSS DEPOSITS: Apply 1 quart of solution to 100 sq. ft. of roof.

LIGHT MOSS DEPOSITS: Apply 1 quart of solution to 200 sq. ft. of roof.

NOTE: If only a sprinkler system is available, cover half the sprinkler heads
with tape.

NOTE: Sprinkler heads must be extremely well cleaned following use. Residual
MOSS STOP may harm plants.

To kill moss it is necessary to wet the roof with MOSS STOP solution. Exer-
cise judgment in applying enough to wet the roof, generally just short of causing
runoff. Do not apply when moss is wet with rain as wet moss will not absorb
product. Avoid stepping on treated areas while wet, so shoes will not carry
solution into house. Heavy deposits of dead moss can be raked off if desired
about a week after treatment.

HOUSES WITH NO GUTTERS: Exercise special care. Do not allow solution
to run directly off roof edges onto plants. Cover plants with plastic sheets to
assure safety. Apply only when not needed to prevent runoff.

WALKS AND WALLS

Prepare as solution as above. Apply solution to concrete, brick, or wooden
walks and walls with paint brush or paint roller, only when not finished. Apply
just enough solution to wet the moss.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS & DOMESTIC ANIMALS **WARNING**
Causes skin irritation. May irritate eyes. Avoid contact with skin. Do
not get in eyes, on skin, or on clothing. Do not breathe dust. Wash thoroughly
after handling. If irritation persists, consult your physician.

STATEMENT OF PRACTICAL TREATMENT

Flush eyes with plenty of clean water.
If on skin, flush with plenty of water. Get medical attention.
If on clothing, remove clothing and wash thoroughly.
ENVIRONMENTAL HAZARD: This product is toxic to fish and aquatic life.
Do not discharge into streams, rivers, or other bodies of water.

ST. JOHN & SONS, USA

NOTE: Wear rubber gloves and eye protection when handling. Avoid contact with skin and eyes. Wash thoroughly after handling.

KEEP OUT OF REACH OF CHILDREN. Do not use in areas where children play.
