

**USE DIRECTIONS:**

Use at 1 ounce per gallon of water. This product will be effective against Pseudomonas aeruginosa PR(1-1) at this level. At 1 ounce per gallon of water, this product is fungicidal against pathogenic fungi.

For best results, use Scot Concentrated Detergent Disinfectant with a cloth or mop and apply to walls, floors and other hard surfaces.

If used for sanitization of food equipment or other food contact items, limit the level of active quarternary to 200 ppm (1.4 oz. per 5 gallons). No rinse required.

For heavy soil or organic matter, a pre-cleaning step is recommended. No rinse required.

Rinse empty container thoroughly with water and discard.

Scot Concentrated Detergent Disinfectant is a concentrated non-phosphate detergent, disinfectant, sanitizer, fungicide and deodorizer. It is specifically designed for Institutional use such as Hospitals, Nursing Homes, and Schools, where housekeeping will be of prime importance in controlling the hazard of cross-infection.

Scot Concentrated Detergent Disinfectant is for use on floors, walls and other hard surfaces in Hospitals, Nursing Homes, Hotels, Public Areas. Industrial Areas and in Institutions. It is excellent for Operating Rooms, Rest Rooms, Nurseries and Food Service Areas.

When used as directed, Scot Concentrated Detergent Disinfectant is effective against Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa. Scot Concentrated Detergent Disinfectant is also effective against pathogenic fungi, Trichophyton interdigitale.

If used for sanitization of food processing equipment or food contact items, limit the active quarternary to 200 ppm. At this level, no potable water rinse is required.

**DANGER: Keep Out of Reach of Children.** Corrosive. Causes eye damage and severe skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
