Cross-contamination is of major housekeeping concern not only in hospitals, but in schools, institutions and industry. This Disinfectant is formulated for this problem area. It both cleans and disinfects effectively when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-contamination from environmental surfaces.

When used as directed, this disinfectant will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas and will inhibit the growth of moid and mildew and their odors when used as directed.
