DANGER

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive, may cause severe skin and eye irritation or chemical burns to broken skin. Causes eye damage. Wear safety glasses or goggles and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine, feces, etc.) will release chlorine gas which is irritating to eyes, lungs and mucous membranes.

PRACTICAL TREATMENT (FIRST AID): If swallowed, drink large amounts of water. Do Not induce vomiting. Call a physician or poison control center immediately.

IF ON SKIN: Brush off excess chemical and flush skin with cold water. If irritation persists, get medical attention.

IF IN EYES: Flush with cold water for at least 15 minutes. Get medical attention.

#### **DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Pool Start-up/superchlorination - add 3¼ quarts per 10,000 gallons of pool water (equal to 10 ppm available chlorine). Maintenance dosage is 11 ounces daily or as necessary to maintain residual in 1.5-3.0 ppm range. For spas, add 5½ ounces per 1,000 gallons (5 ppm available chlorine) for maintenance. Maintain pH between 7.2 to 7.6. See manufacturer's collateral labeling for additional and complete use directions available at dealer.

NOTE. This product loses strength with age. Use a reliable test kit and adjust dosages as necessary to obtain required level of chlorine.

#### **STORAGE AND DISPOSAL:**

Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not contaminate food or feed by storage, disposal or cleaning of equipment. Return bottle to dealer with closure tightly fastened.

#### **ENVIRONMENTAL HAZARDS:**

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

#### **PHYSICAL AND CHEMICAL HAZARDS:**

Strong oxidizing agent. Mix only with water. Mixing with other chemicals or organic matter will release chlorine gas, irritating to eyes, lungs, and mucous membranes.
