BEST DOCUMENT AVAILABLE

SANI-CLOR GOOD-BYE ALGAE is a fast killing power on all forms of algae in swimming POOLS.

DIRECTIONS: Before application treat spots with a stainless steel brush over surfaces on which algae appear. For severe cases double the dose. Turn off your pool 24 to 36 hours before use until the chlorine level falls below 3 ppm.

DANGER: Strong oxidizing material. Do not mix with organic or any foreign material. May release chlorine or equally toxic gasses. Store in a cool, dry place.

This product is toxic to fish. Treat with care. If it will drain into lakes, streams, ponds, etc., do not use.

APPLY THIS PRODUCT ONLY TO POOLS.

FIRST AID: 1. Internally: Induce vomiting with 1-2 tsp. of oil or cooking oil. Call a Physician. For eyes, call a Physician.

DO NOT REUSE CONTAINER.

8700 Bellanca Ave**

DANGER: Strong oxidizing material. Contact with moisture, heat, combustible, organic or any foreign material may result in fire.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Store in a cool dry place. Do not allow tablets to come in direct contact with vinyl liners as the chlorine will discolor the liner. Do not mix with other chemicals.

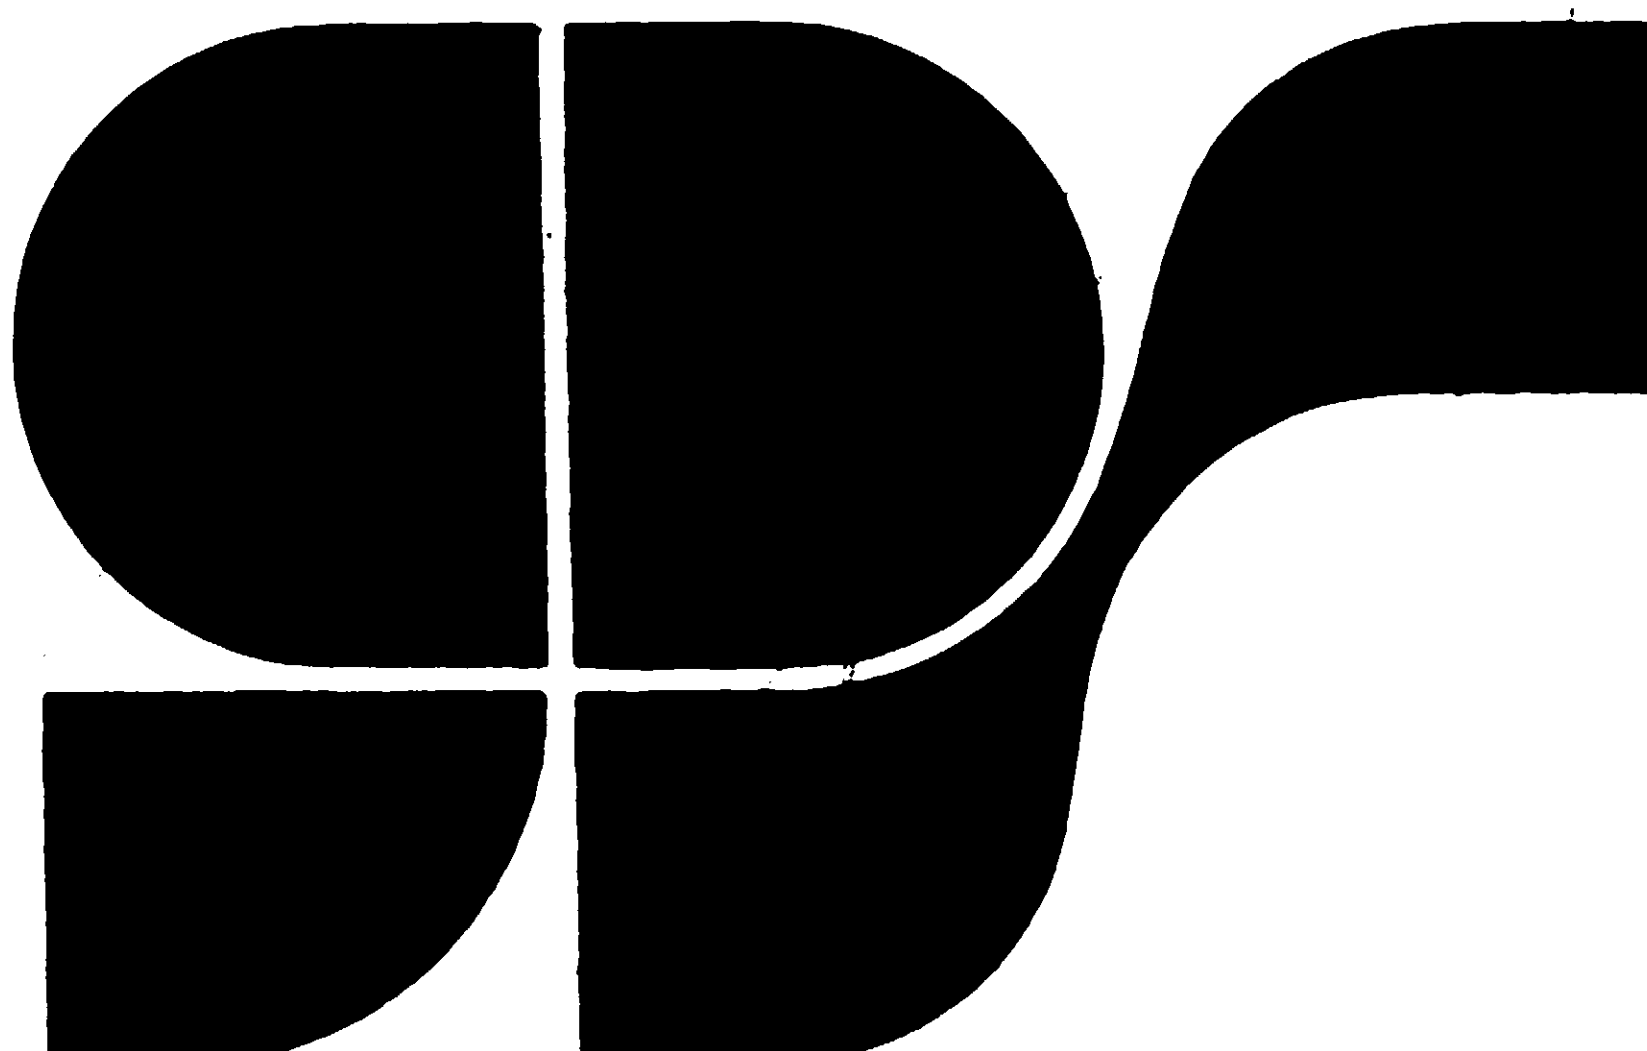

**APPLY THIS PRODUCT ONLY AS SPECIFIED
ON THIS LABEL.**

FIRST AID: 1. Internally: Induce vomiting. Feed cooked cereal followed by olive oil or cooking oil. Call a Physician. 2 Externally or in the eyes: Flood with water. For the eyes, call a Physician.

RINSE EMPTY CONTAINER THOROUGHLY AND DISCARD IT.
