

For Spas Whirlpools Hottubs

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SPA-TROL is used to control the growth of algae in the water of spas, whirlpools, and hot tubs. For maximum effectiveness, spas, whirlpools, and hot tubs should be treated with SPA-TROL at the following intervals:

For spas, whirlpools, and hot tubs which are used frequently, SPA-TROL should be added to the water at the following intervals:

For spas, whirlpools, and hot tubs which are used infrequently, SPA-TROL should be added to the water at the following intervals:

SPA-TROL is also used with these products to control algae growth in spas, whirlpools, and hot tubs. SPA-TROL is used in spas, whirlpools, and hot tubs treated with chlorine chemicals and may reduce the amount of these chemicals normally required. However, use of SPA-TROL with anhydrous ammonia is not recommended.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION - Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing.

FIRST AID - If swallowed, drink plenty of large quantities of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS - This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or other water. For guidance, contact the regional office of the Environmental Protection Agency.
