

CAUTION:

Avoid contact with skin, eyes and clothing. In case of contact, flush with abundance of water; for eyes, get medical attention. Do not take internally. Keep out of the reach of children.

IMPORTANT:

Avoid spray drift on to susceptible plants as this product may injure vegetables, flowers, ornamental shrubs, trees and other desirable crop plants. Do not use for control of weeds in vegetable, flower, shrub or ornamental plantings. Do not contaminate domestic or irrigation waters. Do not store in direct contact with fertilizer, seeds, insecticides or fungicides. Do not use on centipede, St. Augustine grass, or dichondra, or where desirable bent grass or clovers are present. Do not use in greenhouses. Do not use the product for any purpose other than those recommended on label.

Contents are under pressure. Do not puncture can or throw into fire or incinerator. Do not store near radiator, stove or where temperature exceeds 120° F.

NOTICE:

Because seller has no control over storage, handling and conditions of use, Village Products makes no warranty, either express or implied, for Redi-Kill, whether used in accordance with directions or not.

Redi Kill

WEED KILLER

Active Ingredients:

- Dimethylamine Salt of dicamba (3,6 dichloro-o-anisic acid)*.....0.44%

DIRECTIONS:

For use on lawns apply when air is calm to avoid spray drift. Apply anytime in spring, summer or fall when weeds are in vigorous growth. Shake well before using. Hold can about 2 to 3 feet from weeds to be spot treated and push the button to spray. Spray just long enough to wet leaves on weeds you wish to destroy. Do not overuse, otherwise temporary discoloration may result in lawn area treated.

WEEDS CONTROLLED:

- | | |
|----------------|--|
| chicory | pigweed |
| clovers | plantain (buck-horn, broadleaf, Rugel's) |
| dandelion | poison ivy |
| docks | poison oak |
| dog fennel | prostrate knotweed |
| English daisy | purslane |
| erect knotweed | ragweed |
| Frenchweed | sheepsorrel |
| ground ivy | spotted spurge |
