PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Do not breath dust. Avoid contact with skin, eyes or clothing. In case of contact with eyes, flush with plenty of water. Get medical attention.

STATEMENT OF PRACTICAL TREATMENT

If swallowed, call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water & induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled, remove victim to fresh air. Apply artificial respiration, if indicated.

If on skin, remove contaminated clothing & wash affected areas with soap & water.

If in eyes, flush eyes with plenty of water. Call a physician if irritation persists.

Wash hands thoroughly after using & before eating or smoking. During prolonged or commercial exposure, wear a pesticide respirator jointly approved by the Mining Enforcement & Safety Administration (formerly US Bureau of Mines) and by the National Institute for Occupational Safety & Health under provisions of 30 CFR Part 11.

Wear protective clothing (long pants, long sleeve shirt, gloves, hat & boots) during mixing & loading.

DO NOT REUSE CONTAINER.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds & other wildlife. Birds and other wildlife feeding in treated areas may be killed. Do not apply directly to water. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

This pesticide is highly toxic to bees exposed to direct treatment or to residues remaining on the treated crop. Do not apply when bees are actively visiting the crop, cover crop or weeds blooming in the treatment area. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

OK BY

STORAGE & DISPOSAL (12 pt.)

1# Do not reuse empty container. Wrap container and place in trash collection.

SHEET NO. 3 - 8

DATE: 11/2/82

Do not contaminate water, food or feed by storage or disposal.

2.00 - 100% CHARACTER
1.00 - 100% CHARACTER

50# Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved state procedures under Subtitle C of the Resource Conservation & Recovery Act.

Completely empty bag by shaking & tapping sides & bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of bag in a sanitary landfill or by incineration if allowed by state & local authorities.

This product is formulated to control both insects and diseases. Best results can be obtained by applying before serious build-up occurs. Repeat at 7 to 10 day intervals throughout the growing season. Make thorough coverage of top and underside of foliage. Number of days between treatment & harvest are indicated after crop in ().

BEANS (snap, string, lima, dry) (4) - For control of Anthracnose, downy mildew, rust, cucumber beetles, leafhoppers, Mexican bean beetles, green stink bugs, black bean aphids & bean leaf skeletonizers, apply 30 lbs. dust per acre (1/2# per 725 sq. ft.). Do not apply to lima beans that
