Minneapolis, MN 55440

Dear Ms. Randall:

Subject: Revised Label Text and Confidential Statement of Formula
Agway Total Weed Killer
EPA Registration No. 8590-259
Your Submission Dated September 30, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following provision:

Due to new EPA policy, part of the Environmental Hazards section has been changed. To comply, change the sentence "Do not apply to water or wetlands (swamps, bogs, marshes and potholes)" to read "Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark."

A stamped copy is enclosed for your records. Please submit five (5) final printed copies for the referenced label, incorporating the above change.

The Confidential Statement of Formula dated September 23, 1991 for the basic formulation is acceptable. It has been added to your file as part of the record.

Sincerely yours,

Joanne I. Miller
Product Manager (23)
Fungicide-Herbicide Branch
Registration Division (H7505C)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with skin and eyes. Avoid breathing spray mist.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed, Call a physician or Poison Control Center immediately. **DO NOT INDUCE VOMITING** since vomiting may cause aspiration pneumonia. Gastric lavage is indicated if this product is taken internally.

If on Skin, remove contaminated clothing and wash affected areas with soap and water. Get Medical Attention if irritation persists. Wash contaminated clothing before reuse.

If in Eyes, flush eyes with plenty of water. Get Medical Attention if irritation persists.

If Inhaled, remove victim to fresh air. Apply respiration if indicated.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Read these entire directions and disclaimer. Use strictly in accordance with label cautions, warnings and directions.

Agway TOTAL WEED KILLER is recommended for use where it is desirable to retard and prevent regrowth of vegetation throughout the entire growing season TOTAL WEED KILLER works two ways:

Kills young weeds and grasses on contact. Deposits a chemical residue on the soil which prevents annual weeds and grass seeds from germinating during the entire growing season.

APPLICATION: Use undiluted or mix with water and apply with a sprayer or sprinkling can. For best results, apply early spring before weeds germinate. If weeds have germinated apply before weeds are 2 to 4 inches tall and growing actively. Contact activity will be apparent on weeds in a few days but final kill by root penetration may take 2 to 3 weeks. During seasons when rainfall is unusually high a second application may be necessary for residual action.

RATES: For Annual weed and grass control on Walks, Driveways, Patios, and Tennis Courts:

SPRAYER APPLICATION: Spray undiluted 1 quart per 120-sq. ft. (10 x 12) or 1 gallon per 500 sq. ft. (10 x 50) of surface to be treated. Spray when air is calm. Use lowest possible pressure and largest nozzle opening to produce large droplets to minimize spray drift. May soften blacktop driveway.

SPRINKLING OR WATER CAN APPLICATION: To insure even coverage, dilute one quart of TOTAL WEED KILLER to one gallon or more of water and apply to 120 sq. ft. or one gallon of TOTAL WEED KILLER to four or more gallons of water to 500 sq. ft.

For areas such as Firelanes, Fence Rows and for areas where heavy grass and weed growth is present, the use of additional water for thorough wetting, of all foliage will insure best results.

Where vegetation is more than 6 inches high, mow or cut before applying the material. A second application in 2 to 3 months may be necessary to control deep rooted perennial weeds such as Milkweed and Canada Thistle

SPOT TREATMENT: Use undiluted for treating vegetation as soon as noticed on Walks, Driveways and other areas. Apply as a coarse wetting spray.

NOTE: Do not use this product on lawns. Do not use close to desirable flower beds. Do not apply over the roots of valuable trees, shrubs or woody ornamental plants. Apply this material outside the drip line of trees and shrubs.

CLEANING SPRAYERS AND SPRINKLING CANS: Wash immediately and thoroughly with a household detergent and water. Make a second and third rinse of clean water to insure complete removal of Agway Total Weed Killer from equipment that is to be used for applying other pesticides.

STORAGE & DISPOSAL

Store unused product in original container only. Store in a cool, dry area, preferably locked and out of the reach of children. Protect from excess heat.

Do not reuse empty container. Wrap container and put in trash.

NOTE: This pesticide is to be sold only in this original unbroken package.

DISCLAIMER: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
