

DIRECTIONS

READ THESE ENTIRE DIRECTIONS AND WARRANTY OF SALE. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS, WARNINGS AND DIRECTIONS.

Do not use this product for any uses other than those specified on this label.

For control of mosquito larvae, use ABATE 4E at the rate of 0.5 to 1.5 fluid ounces per acre. Apply as a uniform spray in sufficient water for good coverage. The higher rate should be used in areas known to have phosphate-resistant mosquitoes. Repeat applications as necessary.

Do not use on crops used for food, forage or pasture.

WARRANTY: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. Any damages arising from a breach of this warranty shall be limited to direct damages, and shall not include consequential commercial damages such as loss of profits or values, etc.

NOTE: This pesticide is to be sold ONLY in this original, unbroken package.
