DIRECTIONS

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

REAR THESE ENTIRE DIRECTIONS AND DISCLAIMER.

USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

STORAGE AND DISPOSAL (12 pt.)

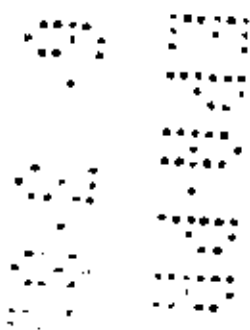

Do not contaminate water, food or feed by storage or disposal.

Pesticide that cannot be used according to label instructions should be disposed of according to applicable Federal, state or local procedures.

After bag has become unusable, completely empty by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into new bag. Dispose of old bag in a sanitary landfill or by incineration if allowed by state and local authorities.

FLY CONTROL:  
LOUSE AND HORN FLY CONTROL:

Suspend Bag in areas frequented by cattle or in gateways or lanes through which the animals pass daily for water, feed or mineral. Bags may also

SHEET NO. 2 - 5

AGWAY 1% DAIRY DUSTER

DATE: 3/11/82

be suspended in loafing sheds or in front of protected mineral feeders. For lactating dairy cows, bag may be suspended in the exit through which cows leave the milking barn. In all cases, the bags should be adjusted so that the bottom of the bag will hang four to six inches below the topline of the cattle.

INSTALLATION OF BAG

Suspend the bags by inserting rope, chain, or wire through the grommets at the top of the bag and attaching to an overhead structure or by hooking the grommets into hooks fixed to a stationary overhead 2 x 4 at the height recommended for louse and horn fly control. In areas of frequent or heavy rainfall, bag should be protected from the weather.

Install as many bags as necessary in lanes or other openings to assure proper dusting of the animals. After the bags are in place, pull the rip cord to allow the insecticide to fall into the bottom of the bag. When dust bags are provided on a free-choice basis, allow one bag per 12-25 animals.

The amendment referred to above, submitted in connection with registration under FIFRA Sec. 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA Sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before your release the product for shipment bearing the amended labeling:

a. Make the following revisions to the "HAZARDS TO HUMANS..." section:

Revise: "Do not get in eyes or on skin." (Underscore indicates added text and should not be reproduced on label.

Add: "Wash thoroughly after handling and before eating or smoking."

b. From the "If swallowed" STATEMENT OF PRACTICAL TREATMENT, delete "Call a physician immediately." and insert as the first line of this section: "Call a physician or Poison Control Center immediately."

c. Add the following to the STATEMENT OF PRACTICAL TREATMENT:

"If inhaled-Remove victim to fresh air. Apply artificial respiration if indicated."

d. Add the following to the "ENVIRONMENTAL HAZARDS" section:

BEST DOCUMENT AVAILABLE

"Do not contaminate water by cleaning of equipment or disposal of wastes."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca
