

A heavy duty, commercial formula insecticide for use only in handling areas of milk, cheese, and ice cream plants; milk storage rooms; and nonresidential food handling areas of egg processing plants, supermarkets, restaurants, food processing plants, flour and feed mills, bakeries, boats, hospitals, nursing homes, day care centers, hotels and motels.

DIRECTIONS:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

DISPOSAL:

Do not re-use empty container. Wrap container and put in trash collection.

To control flies, mosquitoes, wasps, gnats, fruit flies.

Close doors and windows. Pointing nozzle upward, direct the aerosol spray to all parts of the room, especially windows and other light sources which attract these insects. Two to four seconds application per 1,000 cubic feet space is usually sufficient.

To prevent staining, hold nozzle at least 3 feet from fabrics. Keep room closed 15 minutes after each treatment. When used as a space spray, leave the treated area. Ventilate room when treatment is completed.

For petable areas, do not use in occupied rooms. To be effective, room should be ventilated for 15 minutes after spraying. Do not re-occupy room for 15 minutes after ventilation.

Food should be removed or covered for appropriate use. All food processing facilities should be covered during treatment or thoroughly cleaned before use. Do not use in areas of food preparation.

NOTE: This product is not to be used in any manner original to the manufacturer.

DISCLAIMER: Buyer assumes all risks of use, storage or handling. Do not store in confined areas. For more information, see label.

MANUFACTURED BY
AGWAY INC., CHEMICAL DIVISION,
