It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

Agway Greenlawn Plus 21-5-7 Fertilizer with Broadleaf Weed Killer Formula III rejuvenates starved and weedy lawns by:

1. providing a controlled feeding fertilizer which gives a green lawn.
2. controlling unsightly broadleaf weeds such as:

aster	field bindweed	big weed
buckhorn	filaree	pineapple weed
buttercrisp	galinsoga	plantain
black medic	ground ivy	prickly lettuce
burdock	heal all	purslane
buttercup	henbit	ragweed
buttonweed	hop clover	shadow weed
chickweed	knotweed (seedling)	shepherd's purse
chicory	lambsquarters	sow thistle
carpet weed	matchweed	smartweed
cinqfoil	creeping charlie	stitchwort
cudweed	(moneywort)	thyme leaf
curly dock	morning glory	(sandwort)
daisy fleabane	mustard	vetch
dandelion	oxalis	white clover
English daisy	pennywort	wild radish
evening primrose	pepper weed	yellow clover

WHEN TO APPLY

This product should be applied in the spring or fall when weeds are young and growing vigorously. Do not use this product during hot summer months since injury may occur. To avoid injury to new growth, new lawns should not be treated until after the fourth mowing. Established lawns may be injured if treated when in need of water. Water thoroughly 3 to 4 days prior to treatment and again the day before treatment. Grass may be injured if treated in periods of high heat and humidity. For this reason apply only when the daytime temperature is not expected to exceed 80°F for 48 hours. To avoid drift, apply when air is calm. Do not apply if rain is expected within 24 hours.

HOW TO APPLY:

The contents of this bag will cover an area of 5,000 sq. ft. Apply at rate of 2.25 kg/100 square meters (4.6 lbs./1,000 sq. ft.) Apply to lawn when grass is wet (after rain, sprinkling or dew) so pellets will stick to the weeds. Do not water or mow lawn for at least 2 days after treatment, then resume normal watering program. Supplement with additional feeding of Greenlawn Plus Fertilizer as recommended for year round nutrition of the lawn.

SPREADER SETTING GUIDES**

RATE PER	100 Sq. Meters (2.25 kg.)	1000 Sq. Ft. (4.6 lbs.)
Cyclone B1 Spinner Type	Once Over - 4 1/2	Twice Over - 3 1/2
Ortho Spinner Type	Once Over - 5	Twice Over - 2 1/2
Scotts Spinner Type	Once Over - 1	Twice Over - 6
Ortho Drop Type	Once Over - 5	Twice Over - 3 1/2
Scotts Drop Type	Once Over - 5 1/4	Twice Over - 4

**Note: These settings are furnished as a guide ONLY. age, condition of spreader, speed of operation and roughness of terrain can cause variation in rates applied.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Avoid contact with skin, eyes and clothing. Avoid breathing dust. Wash thoroughly after handling. In case of eye contact, flush with water for 15 minutes. Get medical attention if irritation persists. In skin contact, wash with soap and water.

ENVIRONMENTAL HAZARDS

Keep out of lakes, streams or ponds. Do not apply when weather conditions favor drift to target area.

IMPORTANT NOTICE

Since this product kills desirable as well as undesirable broadleaf plants, it may injure flowers, ornamentals and trees. Vapors from this product may injure susceptible plants in the immediate vicinity. Do not exceed recommended rate. Avoid contact with flower beds or shrubs. If accidentally deposited on flowers or shrubs, hose off immediately. Do not use on Bentgrass, Dichondra, Carpetgrass, St. Augustine or ground covers. Delay planting grass seed until 4 weeks after treatment. Read and follow directions carefully.

DISCLAIMER: Buyer assumes all risks of use, storage or handling not in strict accordance with directions given herewith.

NOTE: This pesticide is to be sold ONLY in this original unbroken package.
