## CAUTION

See additional precautionary statements on rear panel.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### STORAGE AND DISPOSAL

Do not contaminate water, food and feed by storage or disposal.

Pesticide spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to Federal, State or local procedures.

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved State and local procedures.

#### FOR USE ON HORSES AND PONIES:

- Brush the animal thoroughly to remove loose dirt and dust.
- Prepare the appropriate dilution of product in the amount required for immediate use (about one quart per horse). Diluted product should be used within 24 hours.

#### To Kill and Repel Houseflies, Horn Flies, Gnats and Mosquitoes

- Dilute 1 part product with 14 parts water.

#### To Kill and Repel Horse Flies, Stable Flies, Deer Flies and Face Flies

- Dilute 1 part product with 14 parts water.
- Mist the animal with diluted product in the areas where the flies are most likely to bite.
- Rub again in areas with flies with diluted product with hands to form a barrier. Repeat application in areas where the flies are most likely to be seen. Avoid contact with eyes or nostrils. Apply thoroughly to the skin hair.
- If desired, the sheen of the coat may be enhanced by light brushing following application. For best results, apply daily.

#### To Kill Fleas and Lice

Using a dilution of 1 part product to 19 parts water, apply evenly to spray to thoroughly wet the skin of the animal. Repeat treatment as necessary. To help in prevention of reinfestation, thoroughly clean stalls and sleeping quarters, paying particular attention to cracks and crevices.

#### To Kill Attached Ticks

- Saturate a cloth with product and dab directly on ticks. Avoid contact with eyes or nostrils.

#### IN HORSE BARN, STABLE AND TACK ROOMS:

To control flies, insects and gnats in the area at a rate of 1 part to 24 parts water or oil and apply liberally to the misting spray nozzle. Hold the nozzle at the upper corners until the area is filled with mist. Spray about 200 cubic feet of space. For best results, close doors and windows before spraying and keep them closed for ten to fifteen minutes. Ventilate the area and ventilate before re-spraying. Repeat application as necessary.

#### Use As A Water Spray

**1-9 Dilution:** Mix 1 part product with 9 parts water to make a 10% dilution of spray. Stir before using. Apply at the rate of 1/2 pint to 1 quart of diluted spray per animal depending on the size of the animal.

**Horn Flies, Mosquitoes, and Gnats:** Apply as necessary to give continued protection.

**Stable Flies and Houseflies:** Apply as necessary to give continued protection.

**Horse Flies and Deer Flies:** Apply as necessary to give continued protection.

This dilution with 1/2 pint of product kills houseflies, horn flies, mosquitoes and gnats on the animal at the time of application.

**1-14 Dilution:** Mix 1 part of product with 14 quarts of water to make 3 1/2 quarts of spray. Stir before using. Apply at the rate of 1 pint to 1 quart per animal depending on the size of the animal.

**Horn Flies, Mosquitoes, and Gnats:** Apply as necessary to give continued protection. This dilution will kill horn flies, mosquitoes, and gnats on the animal at the time of application.

#### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed.

#### STATEMENT OF PRACTICAL TREATMENT

**If swallowed,** do not induce vomiting because of aspiration hazard. Call a physician immediately.

**If inhaled,** remove victim to fresh air. Apply artificial respiration if indicated.

**If on skin,** remove contaminated clothing and wash affected areas with soap and water.

**If in eyes,** flush eyes with plenty of water. Get medical attention if irritation persists.

Do not contaminate feed or bedding. Wash horse and horses intended for food. Remove feed and bedding to a safe place before spraying.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

**NOTE:** This pesticide is to be sold ONLY in this original unbroken package.

**DISCLAIMER:** Buyer assumes all risks of use, storage or handling of this product in accordance with directions given herewith.
