container and put in trash collection.

SHAKE BEFORE USE

This product will kill fleas on cats and Brown Dog Ticks and fleas on dogs.

Spray the animal from a distance of 8-12 inches. Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is covered, including the legs and under the body. As you spray, fluff the hair so the spray will penetrate to the skin. Make sure spray wets ticks thoroughly. Do not spray into the eyes, face or on scrotum. Repeat as needed.

For cats apply at the rate of one second per pound of body weight. For dogs apply at the rate of two seconds per pound of body weight for thin or short haired dogs and up to eight seconds per pound of body weight for heavy or long haired dogs.

NOTE: This pesticide is to be sold ONLY in this original unbroken package.
