

Dursban combination in one direction and apply the balance at right angles. Immediately after application, water turf with 30 gallons of water per 1000 sq. ft. (sufficient water to soak the top 2-3 inches of soil) so as to wash the insecticide into the zone of insect infestation. The table below indicates water needed for larger sized areas. Keep children and pets off treated areas until material is washed into the soil and grass is dry.

RATES TO USE

| Area To Be Treated | Gal. of Water to Sprinkle Turf After Treatment |
|-----------------------------------|--|
| 1,000 sq. ft. | 30 gal |
| 5,000 sq. ft. | 150 gal |
| 10,000 sq. ft. | 300 gal. |
| 43,560 sq. ft. (1 acre) | 1300 gal. |

GRUBS (European Chafer, Japanese Beetle)—Apply 4.6 pounds Agway Greenlawn Plus Insect Killer per 1,000 sq. ft. early in spring during month of April. Application must be made prior to May 1. Treatment recommended when 2-4 grubs are present per sq. ft. of soil. (Bag covers 5,000 sq. ft. per application.)

The annual treatment to control European Chafer grubs should be made during August 15-31 to get easy-to-kill young grubs. Apply 4.6 pounds per 1,000 sq. ft. (Bag covers 5,000 sq. ft. per application.)

Late summer to early fall applications are also effective for control of other grubs. Apply at same rate.

SOD WEBWORMS—Apply Agway Greenlawn Plus Insect Killer at the rate of 2.3 pounds per 1,000 sq. ft. July 15 and repeat at the same rate on August 15. Presence of insect indicated by adult moths flying over lawn. (Bag covers 10,000 sq. ft. per application.)

CHINCH BUGS—Apply Agway Greenlawn Plus Insect Killer at the rate of 2.3 pounds per 1,000 sq. ft. on June 1, July 1 and August 1. (Bag covers 10,000 sq. ft. per application.)

GENERAL FERTILITY NOTE: Turfgrass requires periodic feedings throughout the season. At those times of year when insecticide applications are not required, substitute Agway Greenlawn Plus 22-6-8 so that a total of 18-20 pounds/1,000 sq. ft. of any of Greenlawn products are applied annually in not less than four applications.

APPROXIMATE SETTINGS*

| Spreader | 4.6#/1,000 sq. ft. Bag covers 5,000 sq. ft. | | 2.3#/1,000 sq. ft. Bag covers 10,000 sq. ft. |
|--------------------|--|-----------------------|---|
| | Twice Over Application | Once Over Application | Once Over Application |
| Agway or Jackson | 5 | 6½ | 5 |
| Agway or Cyclone B | 3½ | 4½ | 3½ |
| Scotts | 4½ | 6 | 4½ |

USE PRECAUTIONS

Do not allow children or pets to contact treated surfaces until spray has dried.

Do not spray in rooms or use on plants. Apply as a surface spray only as specified on this label.

Do not allow spray to contact food, feedstuffs, or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product.

Remove pets and cover fish bowls before spraying.

CAUTION HARMFUL IF SWALLOWED Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Do not smoke while using. Wash thoroughly after handling. If swallowed, do not induce vomiting. Call a physician immediately.

NOTE TO PHYSICIAN Contains petroleum distillate. If gastric lavage is deemed necessary, undertake only after proper placement of cuffed endotracheal tube. Treat symptomatically. Atropine is an antidote.

WARNING Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator.

DIRECTIONS

READ THESE ENTIRE DIRECTIONS AND WARRANTY OF SALE. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS, WARNINGS AND DIRECTIONS.

Use as a spot treatment on localized surface areas only.

To operate: Holding can upright, orifice directed toward surface to be treated, press actuator button.

Cockroaches, ants, silverfish, spiders, crickets, and earwigs. Spray areas where these pests are found or may hide, including dark corners of

rooms and closets, cracks and crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests, and points of entry.

Brown Dog Ticks Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

Flies and Mosquitoes Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions, and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

WARRANTY Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. Any damages arising from a breach of this warranty shall be limited to direct damages, and shall not include consequential commercial damages such as loss of profits or values, etc.
