

PRECAUTIONARY STATEMENTS
Hazards To Humans and Domestic Animals

CAUTION

May be harmful if swallowed or absorbed through the skin. Do not contaminate feed or food. Avoid prolonged contact with skin. Wash thoroughly after using and before eating or smoking. May cause eye irritation. Avoid eye contact.

SYMPTOMS OF POISONING: A sense of 'tightness' in chest, sweating, contracted pupils, stomach pains, vomiting, diarrhea.

Environmental Hazards

This pesticide is toxic to fish and wildlife and is extremely toxic to aquatic invertebrates. Birds and other wildlife feeding in treated areas may be killed. Do not apply to water or wetlands. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

BAN BUG BAIT is a ready to use product for the control of crickets, ants, pillbugs, earwigs and the cockroaches listed below. Insects specified on this label die quickly after feeding on the bait. Bait should be measured and distributed using an 8 oz measuring cup, that is used only for this purpose.

COCKROACHES: American, German and Oriental cockroaches.

For use in and around homes, apartment buildings, stores, restaurants, (non food areas) and warehouses.

Do not use in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed or food stuffs.

BAN BUG BAIT
with **DYLOX®**

An Insecticide
For Control of Cockroaches, Crickets, Ants, Pillbugs, Earwigs

ACTIVE INGREDIENT:

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED** - Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything to an unconscious or a convulsing person.
- IF INHALED** - Remove victim to fresh air. Apply artificial respiration if indicated.
- IF ON SKIN** - Remove contaminated clothing and wash affected areas with soap and water.
- IF IN EYES** - Flush eyes with plenty of water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: ANTIDOTE - Atropine Sulphate is antidotal. 2-Pam is also antidotal and may be administered in conjunction with Atropine, only if symptoms of cholinesterase inhibition are present.

DIRECTIONS FOR USE (continued)

INDOOR USE

Apply 4 oz. of bait per 1000 sq. ft. Apply bait on paper, pasteboard, plastic bait stations or other material that will permit removal. Locate these stations in storage areas, behind appliances, in wall voids or other areas where insects may have been observed. Do not apply bait in edible product areas. "Apply only in areas inaccessible to children and pets." This product shall not be used in rooms or areas where food is either consumed or prepared.

OUTDOOR USE

Application should be limited to only non-food crop and non-grazing areas.

1. **Perimeter Treatment:** Use as a broadcast treatment at the rate of 1/2 to 1 pound per 1000 sq. ft. of area around homes and buildings to control roaches, ants, crickets, pillbugs and earwigs.
2. **Area Treatment:** Apply 20 to 30 pounds of BAN BUG BAIT per acre to control listed insects.
3. **Mound Treatment for Texas Harvester Ant:** Apply 2/3 to 1 cup of BAN BUG BAIT per mound for control of Texas Harvester Ant. Apply as a broadcast treatment over mound surface. Repeat application as needed. Inspect mound regularly, and repeat application if ant activity is spotted.

STORAGE AND DISPOSAL

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL-PLASTIC CONTAINER: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose in a sanitary land fill, or incinerate, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PESTICIDE STORAGE: Store in cool dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of reach of children preferably in a locked storage area. If the container is damaged in a manner as to prevent spillage, if the container is leaking or material spilled for any reason or cause, carefully sweep material into pile. Refer to precautionary statement on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed above. In spill incident, keep unauthorised people away.

IMPORTANT

Seller's guarantee shall be limited to the terms of this label and, subject thereto, the buyer assumes any risks to persons or property rising out of the use or handling and accepts the product on these conditions.

Do not use this product for any uses other than those specified on this label
