PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment before application. Do not apply while food processing is under way. After space spraying in food processing plants, wash with potable water all equipment (benches, shelving, etc.) where exposed food will be handled. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets and birds and cover fish aquaria before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as directed on the label.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Pyrenone General Purpose Household Spray kills on contact exposed or accessible stages of Roaches, Silverfish, Crickets, Spiders, Ants, Caddises, Flies, Skippers, Fleas, Gnats, Wasps, Hornets, Sand Flies, Mosquitoes, Bedbugs, Meal Worms, Meal Moths, Grain Mites, Rice Weevil, Spider Beetles, Cheese Mites, Carpet Beetles, Angoumois Grain Moth, Confused Flour Beetle, Saw-toothed Grain Beetle, Mediterranean Flour Moth, Brown Dog Ticks in Buildings, Granary Weevil, Red Flour Beetle and Clothes Moths.

SPACE SPRAY

For rapid control of Houseflies, Fruit Flies, Mosquitoes, Gnats, Small Flying Moths, Sand Flies, Wasps and Hornets: Close doors and windows and shut off ventilating systems. Apply using a good machine adjusted to deliver a fine mist. Direct spray toward the upper portions of the room to fill the entire area with mist, using 1 to 2 ounces per 1000 cubic feet of space. Vacate the treated area and ventilate before reoccupying. Keep the area closed for ten minutes after treating. Repeat application when reinfestation occurs.

SURFACE SPRAY

To control Roaches, Silverfish, Crickets and Spiders: Apply as a coarse wetting spray directed into locations where these insects may hide - behind baseboards, moldings, cabinets, shelves, sinks, door and window frames, around plumbing, drains and in dark corners and into cracks and crevices - hitting insects with the spray whenever possible. Repeat treatment as necessary.

Against Ant infestations: Treat shelves, cabinets and storage areas, spray ant runs and trails, baseboards, thresholds and other places of entry, and treat nests liberally. Repeat treatment as necessary.

In controlling Fleas and Brown Dog Ticks in houses: Direct the application toward the lower wall portions, baseboards, rugs, carpets and floors of infested areas. Animal quarters, kennels and bedding should also be sprayed.

DIRECTIONS FOR USE (continues D)

To control Bedbugs effectively: Apply liberally to top, ends, sides and bottom of mattresses, spraying thoroughly all tufts, seams and folds. Spray springs and frame, directing the liquid into all cracks and lock joints. Treat walls, baseboards, molding, floors, closets and bedroom furniture, picture frames, with particular attention to protected bedbug hiding and breeding places.

For most effective control of Clothes Moths and Carpet Beetles: Remove infested articles from storage. Brush thoroughly and, if possible, air several hours in direct sunlight. Apply spray liberally in empty chests, closets, bureaus and storages, directing the liquid into cracks, joints and crevices. After airing, infested articles may be treated by holding the spray nozzle at least 3 feet away from the fabric and applying the liquid lightly to the seams to avoid the possibility of staining. Treat both sides of rugs, carpets and pads, and all exposed and accessible surfaces of overstuffed furniture. To prevent expansion or swelling, do not overspray if products are made of rubber or are rubber coated. Repeat treatments monthly unless the articles are stored in moth-tight containers.

To control infestations of Granary Weevils, Rice Weevils, Sawtoothed Grain Beetles, Confused Flour Beetles, Rusty Grain Beetles, Red Flour Beetles, Cigarettes, Meal Worms, Grain Mites, Angoumois Grain Moths, Indian Meal Moths and Mediterranean Flour Moths in food storage areas. If possible clean out and destroy any infested food products, otherwise, fumigation or other effective treatment should be made using an approved product intended for this purpose. Apply this spray thoroughly to all surfaces of shelves, cabinets, bins, pantries and similar food storage areas with particular attention to cracks, crevices, niches and other hiding places.

FOG OR VAPOR SPRAY

To kill accessible or exposed stages of insects named on this label (excepting Clothes Moths, Bedbugs and Carpet Beetles): Apply using conventional mechanical or compressed air equipment. Fill the entire area with mist using 3 to 6 ounces per 1000 cubic feet of space. Repeat treatment as needed.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Store upright at room temperature. Avoid exposure to extreme temperatures.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Plastic Container: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Metal Container: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

NOTICE

Seller's guarantee shall be limited to the terms of this label, and subject thereto, the buyer assumes any risks to persons or property arising out of the use or handling and accepts the product on these conditions.
