

Office of Pesticide Registration
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (include ZIP code)

REG Chemical & Equipment Company
10539 Maybank
P.O. Box 540428
Dallas, TX 75354-0428

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 8612-133" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

NOTE: You still need to do a one year Storage and Stability study and submit this data to the Agency within one year from the stamped date of this notice.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment before application. Do not apply while food processing is under way. After space spraying in food processing plants, wash all equipment (benches, shelving, etc.) where exposed food will be handled with an acceptable detergent and rinse with potable water solution. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets and birds and cover fish aquaria before spraying.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Contact a physician or Poison Control Center immediately. Do not induce vomiting unless directed to do so by a physician. Aspiration is a potential hazard.

IF INHALED: Remove affected person to fresh air. Apply artificial respiration if indicated.

IF IN EYES OR ON SKIN: Flush affected areas with plenty of water. Contact a physician if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as directed on the label.

PHYSICAL AND CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

**DIRECTIONS FOR USE
READY-TO-USE
DESIGNED FOR OUTDOOR FOGGING
ACCEPTABLE FOR INDOOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control Adult Mosquitoes apply as a fog or fine mist using good mechanical, thermal or compressed air equipment. For best results, treat when wind velocity does not exceed 5 miles per hour. Application in the evening or early morning is recommended.

Treat area thoroughly with particular attention to low and marshy places, shore lines, stagnant pools or ponds and shrubbery or vegetation where mosquitoes may rest. Apply at a rate of 20 fluid ounces per acre (or 0.5 fluid ounces per 1,000 square feet.)

Using truck mounted or mobile equipment, the above application rate will result if a 300 foot swath is laid down traveling at 5 m.p.h. and dispersing spray at a rate of 28 gallons per hour. May also be applied by aircraft.

INDOOR USE: To control Mosquitoes, Houseflies, Gnats, and Small Flying Moths. Fill the room with mist, using one ounce per 1,000 cubic feet of space. Keep room closed for 10 minutes. Vacate during treatment and ventilate before reoccupying.
