Left Panel

MINT-O-GREEN

As a general disinfectant, use 2½ to 3 oz. per gallon of water. Wet thoroughly surfaces to be cleaned. Excellent for use in rest rooms, etc., where disinfection and deodorizing are desired. Pleasant fragrant odor lingers after cleaning. For extremely dirty surfaces, increase strength to five ounces per gallon of water. At this strength it does an excellent job on extremely dirty floors, garbage cans, etc.

Caution: Harmful if swallowed. Antidote: Milk or raw egg--CALL PHYSICIAN. Avoid contact with skin. Do not allow this product to come in contact with foodstuffs.

MINT-O-GREEN

For cleaning and disinfecting work areas where foodstuffs are prepared, clean the utensil, fixture or area with regular cleaning preparation. Then wash thoroughly with a solution of 2½ ounces of disinfectant per gallon of water. Let solution remain for five minutes, then rinse thoroughly with potable (drinking) water.
