IODEX DILUTION TABLE

TO OBTAIN PPM TITRATABLE IODINE	OUNCES OF IODEX TO 5 GALLONS OF WATER
12.5	1/2 ounce
25	1 ounce
50	2 ounces
100	4 ounces
150	6 ounces

Iodex is a concentrated Iodophor combined with detergents to give effective cleaning and disinfecting. It has a built-in color indicator which indicates germicidal activity. When the color is gone the solution should be replaced.

IODEX HAS THESE ADVANTAGES:

- Effective in hot and cold water.
- Kills most common pathogenic bacteria, fungi, many lipophilic viruses, and molds. Kills many microbial spores on inanimate surfaces, when exposed to disinfecting concentrations of at least 75 PPM titratable iodine for a minimum of 8 hours.
- No after taste on sanitized surfaces.
- No loss of activity in hard water.
- Ability to penetrate hard to reach areas.

CAUTION: Harmful if swallowed. Do not allow to come in contact with food. Avoid contact with skin and eyes. In case of contact with skin or eyes, rinse with plenty of water and get medical attention.

Cavalier

PANTASTIC WITH GERMICIDE

A MODERN POT AND PAN CLEANER WITH GERMICIDAL AND BACTERICIDAL QUALITIES. EXCELLENT FOR MANUAL CLEANING OF POTS AND PANS AND OTHER KITCHEN UTENSILS.

DETERGENTS USED ARE BIODEGRADABLE.

ACTIVE INGREDIENTS:

Sodium Dodecyl Benzene Sulfonate 20%,
Sodium Dichloro-s-triazinetrione 5%,
Sodium Metasilicate, Anhydrous 3% 28%

INERT INGREDIENTS:

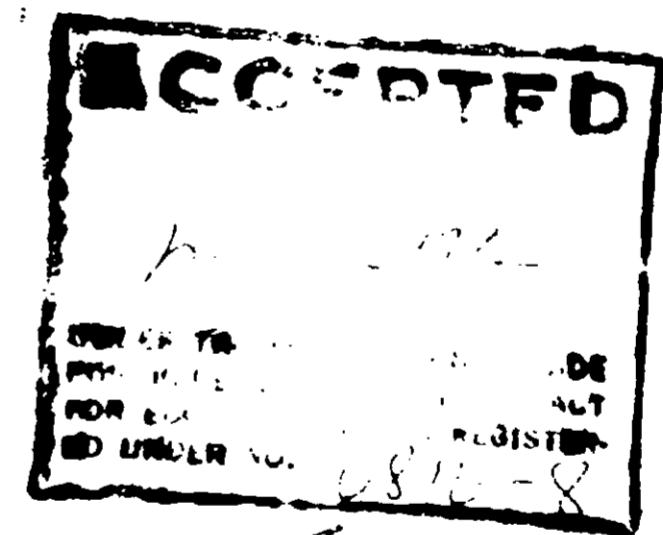

Includes Water Softeners and Cleaners 72%

DIRECTIONS FOR USE:

Use one ounce per gallon of water. Place powder in sink and apply full water pressure to build suds for quick dissolving. This solution will give approximately 200 ppm available chlorine. Wash and Rinse.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Avoid contact with eyes. Avoid skin contact with concentrate. In case of contact wash thoroughly with water. Avoid contamination of foodstuffs.
