

# IODEX

## DIRECTIONS FOR USE

### DAIRY INDUSTRIES

All equipment should be treated as follows:

- A) Rinse off with cold water immediately after use.
- B) Clean with a suitable detergent and hot water.
- C) Sanitize with a solution to obtain 25 PPM titrat-able iodine.

### FOOD INDUSTRIES

- A) Clean thoroughly all food processing equip-ment with a good detergent and rinse with hot water.
- B) Sanitize with a solution of 25 PPM titratable iodine.

**FOR CLEANING AND SANITIZING WALLS, FLOORS AND CEILINGS,** use a solution of 50 PPM titratable iodine.

### FOOD SERVICE INDUSTRIES

Before sanitizing dishes, glasses and other kitchen utensils wash with a good detergent and rinse with hot water. Sanitize with a solution of 25 PPM titratable iodine.

### HOSPITALS & INSTITUTIONS

For general disinfection, use a solution of 75 PPM titratable iodine for previously cleaned non-porous surfaces. Use a solution of 150 PPM for previously cleaned porous surfaces or surfaces hard to clean.

### COLD WATER GLASSWASHING MACHINES

For use in N. S. F. approved glasswashers, use according to manufacturers instructions.

### FARM USE—UDDER WASHING

Make a fresh solution each time you use by mixing 1/2 ounce to 10 quarts of lukewarm water. Free udder of loose and excessive soil. Wash udder with solution using a clean towel for each animal. After milking dip animal's teats in the solution. if using a milking machine, dip teat cups in the solution between each animal's milking.

# IODEX

**CONCENTRATED**

## MULTI-PURPOSE IODINE

**SANITIZER - DISINFECTANT**

**DETERGENT - GERMICIDE**

### ACTIVE INGREDIENTS:

Nonylphenoxy (Ethyleneoxy)  
 Ethanol-Iodine Complex ..... 9.25%  
 (Providing 1.75% minimum titratable iodine)

Phosphoric Acid ..... 6.00%

**INERT INGREDIENTS:** ..... 84.75%  
 100.00%

## CAUTION:

**KEEP OUT OF REACH OF CHILDREN**

**SEE OTHER WARNINGS ON RIGHT PANEL**

**Net Contents: 1 Gallon**

**USDA Reg. No. 8616-7**

**Manufactured by:**

*Cavalier* **CHEMICAL CO., INC.**

3901 - 8th Avenue, Brooklyn, N Y. 11232

### TO OBTAIN PPM TITRATABLE IODINE

12.5	.....

100	.....
150	.....

Iodex is a concentrated solution of iodine and detergents to give effective sanitizing. It has a built-in germicidal activity. The solution should be used as directed.

### IODEX HAS THESE ADVANTAGES:

- Effective in hot and cold water
- Kills most common bacteria and many lipophylic viruses
- Kills microbial spores on surfaces exposed to disinfection
- 75 PPM titratable iodine
- No after taste on surfaces
- No loss of activity over time
- Ability to penetrate crevices

**CAUTION: Harmful if swallowed. Do not come in contact with skin and eyes. In case of contact, rinse with plenty of water.**
