Mark Sherman
Vice President
Cavalier Chemical Co. Inc.
Elizabeth, NJ 07207-0818

Subject: Dual Chlor
EPA Registration No. 8616-12
Application Date: September 12, 2005
Receipt Date: September 20, 2005

Dear Mr. Sherman:

The following amendment submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is accepted with conditions.

- Update First Aid Statement

Conditions

1. Revise the Ingredient Statement as follows:

Active Ingredients:	
Sodium Hypochlorite	3.25%
Other Ingredients.	96.75%
Total	100.00%

2. Revise the First Aid statement to include "Have the product container or label with you when calling a poison control center or doctor, or going for treatment."
3. Remove the term "**NOTE**" beneath the directions for use on the label. Add the information contained in the Note section directly to the directions for use as follows:

"Allow adequate draining. Let air dry."

CONCURRENCES

SYMBOL	7570C						
SURNAME	Henson						
DATE	12-12-05						

4. The last stamped label dated September 30, 1994, classified this product as a Sanitizer for glasses, dishes, mugs, trays, food utensils, equipment and Cleaner and Deodorizer for surfaces. The new label provides the sanitizer/cleaner/deodorizer directions for use, but makes no mention of the food contact surfaces. The label does reference food contact articles in the "NOTE" section. If this product is to be used on porous/non-porous food contact surfaces, you must provide directions for use.
5. Separate the Warranty statement from the directions for use section.

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please call Wanda Henson at (703) 308-6345.

Sincerely,

Emily H. Mitchell

DIRECTIONS FOR USE: It is a violation for federal law to use this product in a manner inconsistent with its labeling.

TO CLEAN AND DEODORIZE glasses, dishes, mugs, knives, trays, food utensils and equipment, use the following procedures: Scrape and then prewash with DUAL CHLOR solution (1 oz or 2 Tbs. per quart of water) or other detergent or compatible cleaner. Rinse in potable water. Sanitize in DUAL CHLOR solution (1.5 level Tps. or 0.75 oz. per gallon of potable water (200 ppm)). Immerse all utensils for at least two minutes of contact time specified by governing sanitary code.

NOTE: WHEN USED ON FOOD CONTACT PROCESSING EQUIPMENT AND UTENSILS, AND ON OTHER FOOD CONTACT ARTICLES, FDA REGULATIONS PRESCRIBE ADEQUATE DRAINING BEFORE CONTACT WITH FOOD.

Solutions should be freshly prepared. Solutions should be tested during use to make sure the concentration does not drop below the recommended level. Keep in properly labeled containers to protect against contamination. Unused solutions should be discarded.

NOTE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk and/or handling of his material, when such use and/or handling is contrary to label directions.

**PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS:**

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin or on clothing. Wear goggles, or face shield, protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public after, unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. **PHYSICAL OR CHEMICAL HAZARDS** Strong oxidizing agent. Hazardous carbon monoxide can form upon contact with food and beverage products in enclosed spaces and can cause death.

STORAGE AND DISPOSAL STORAGE: Store in a cool, dry area. Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty drum/liner (if present) by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of in a sanitary landfill or by incineration if allowed by state and local authorities.

SPILL OR LEAK: Wear NIOSH/MSHA approved dust/chlorine respirator. Follow OSHA regulations for respirator use (sec. 29 CFR 1910.134). Wear goggles, coveralls, and rubber gloves and boots. Shovel or sweep up and place in an approved DOT container and seal.
