PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER

CORROSIVE
CAUSES SEVERE BURNS OF EYES
EYE CONTACT MAY CAUSE LOSS OF VISION
IRRITATING TO NOSE AND THROAT
MAY BURN THE SKIN * MAY BE
FATAL IF SWALLOWED

Do not breathe Dust.

Do Not Get in Eyes, on Skin, or on Clothing.

Impact-resistant Goggles with Side-shields, or Face Shield, and Rubber or Plastic Gloves Must be Worn When Handling.

ENVIRONMENTAL HAZARD

This product is toxic to fish. Apply this product only as specified on this label. Do not contaminate water by cleaning of equipment, or disposal of wastes. NOTE: Do not discharge into lakes, streams, ponds, or public waters unless in accordance with a NPDES permit. For guidance, contact your regional office of the EPA.

CHEMICAL AND PHYSICAL HAZARDS

Strong oxidizer, mix with water only. Reaction with combustible organic materials, bases, moisture or with oxidizers may generate heat, hazardous gases and, possibly, fire or explosion. Do not add to dispensers or other equipment that is not dry and clean of any chemical remnants. Does not burn, but will decompose, from about 325°F (160°C), releasing toxic gases. Avoid comminution and dusting.

••••

STORAGE AND DISPOSAL

of conteminate relater lood or feed by storage or disposal.

AGE: Store in cool, dry, well-ventilated area, in well-closed original activities, away from, energy sources, combustible organic materials, oxidizers, strong hases, and moliture. When handling or dealing with spitts, use impact-resistant seasons with side-shields or face shield; body-covering clothes, including impervious rubbands placing gloves and boots; use a dust respirator if dusting occurs.

PESTIMINE DISPUSAL: Pesticide wastes are acutely hezardous. Improper disposal of excess perficies, spray mixture, or rimate is a violation of Federal Law. If IMP wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and buttom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner and punctured drum in a sanitary landfill or by incineration if allowed by State and local authorities, or, by burning. If burned,

itay out of smoke. Do not reuse container. IPILLS: Sweep, up dry spills and dispose of as described for pesticide disposal, If

pricts: Sweep up dry spills and dispose or as described for pessicide dispose, it from contents are contaminated or decomposing, do not reseal container; isolate insealed drum in the open or a well-ventilated area; flood with large volumes of valor if necessary.

N CASE OF FIRE: Do not use ammonium phosphate extinguisher near water and falabi om. Hazardous reactions may occur.

DO NOT SMOKE, DRINK OR EAT WHEN HANDLING

BALOGESE - 6

HALOBROM GRANULES

BRONO-CHLORO-DIMETHYLHYDANTOIN

A MICROBIOCIDAL BACTERICIDE, FUNGICIDE, ALGACIDE AND SLIMICIDE, FOR TREATING RECIRCULATING COOLING WATER IN INDUSTRIAL COOLING STATEMS AND INDUSTRIAL CHICE-THROUGH COOLING WATER STATEMS

TOTAL 100%

KEEF OUT OF REACH OF CHILDREN

DANGER

CORROSIVE AND STRONG OXIDIZER

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Flush eyes immediately with plenty of water for at least 15 minutes

and get medical attention at orice.

If on skin: Wash immediately with soan and plenty of water, Remove and wash

contaminated clothing before re-ure.

if swallowed: Give large asounts of water to dilute the toxicant.

If issediately available, desulcents like milk, vegetable oil or egg whites can be given. Do not

induce vomiting as it is likely to cause

considerable successi desage.

If inhaled: Remove person to fresh air immediately. Get medical attention at

once.

USE WITH ADEQUATE VENTILATION WASH THOROUGHLY AFER HANDLING

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NUSTRIAL RECIRCULATING COOLING WATER SYSTEMS: effectively at domages recommended to achieve osures to one part per million (ppm) of 'active' sidual browing to control algal, bacterial and gal slimes in industrial cooling towers; influent ter systems, e.g., flow-through filters, and poons, etc.; heat-exchange water systems; lustrial water scrubbing systems; brewery steurizers, and industrial air-washing systems sipped with a mist eliminator. ings Rates

itial dome: When noticeably fouled, add 2-6 lbs 10,000 gallon of water contained in the mystem. meat initial dosage until one ppm of 'active' sidual brokine is established for at least 4 IFS.

mequent dose: When microbial control is evident, 1 1-3 1bs/10,000 gallons of water contained in the item. Repeat as needed to maintain one ppm of tive' residual bromine for at least 4 hours.

Z-THROUGH INDUSTRIAL COOLING WATER SYSTEMS: id for the control of algal, bacterial and fungal mes, by adding to the system inlet, of before any mer contaminated area in the system, in :e-through and closed-cycle fresh and sea water pling systems; cooling ponds; canals; and lagoons. rage Ratus

itial dome: When noticeably fouled, add 2-6 lbs 10,000 gallon of water contained in the system. west initial dosage until one ppm of 'active' sidual bromine is established for at least 4

mequent dome: When microbial control is evident, 1 1-3 lbs/10,000 gallons of water contained in the item. Repeat as needed to maintain one ppm of :tive' residual bromine for at least 4 hours.

KEEP CONTAINER TIGHTLY CLOSED WHEN NOT IN USE

WARRANTY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably forseeable to seller, and buyer assumes the risk of any such use.
