**CHEMICAL AND PHYSICAL HAZARDS**

Strong oxidizer, mix with water only. Reaction with combustible organic materials,  
bases, moisture or with oxidizers may generate heat, hazardous gases and,  
possibly, fire or explosion. Do not add to dispensers or other equipment that is not  
dry and clean of any chemical remnants. Does not burn, but will decompose  
from about 325°F (160°C), releasing toxic gases. Avoid comminution and dusting.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner  
inconsistent with its labeling.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.  
STORAGE: Store in cool, dry, well-ventilated area, in well-closed original  
containers, away from energy sources, combustible organic materials, oxidizers,  
strong bases, and moisture. When handling or dealing with spills, use impact-  
resistant goggles with side-shields or face shield; body-covering clothes,  
including impervious rubber or plastic gloves and boots; use a dust respirator if  
dusting occurs.  
PESTICIDE DISPOSAL: Pesticide or rinsate that cannot be used or chemically  
reprocessed should be disposed of in a landfill approved for pesticides.  
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or  
reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if  
allowed by state and local authorities, by burning. If burned, stay out of smoke.

drum contents are contaminated or decomposing, do not reseat container;  
isolate unseated drum in the open or a well-ventilated area; flood with large  
volumes of water if necessary.

#### STATEMENT OF PRACTICAL TREATMENT

- If in eyes: Flush eyes immediately with plenty of water for at least 15 minutes and
