

# HALOBROM

## SPA PAK

**SLOW DISSOLVING  
BROMINATING TABLETS  
IN DISPOSABLE FEEDER POUCHES  
BACTERICIDE-ALGAEICIDE-DISINFECTANT  
NO CHLORINE ODOR**

**ACTIVE INGREDIENTS**  
1-Bromo-3-chloro-5,5-dimethylhydantoin ..... 97%  
**NET WT**  
Fumic 67% Active Bromine  
22% Available Chlorine

**KEEP OUT OF REACH OF CHILDREN  
DANGER  
SEE ADDITIONAL PRECAUTIONS ON SIDE PANEL  
BEFORE OPENING CONTAINER**

**NET WEIGHT: 2 LBS. 4 OZS.**

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- 1) Adjust water pH to 7.2-7.6 as determined by a test kit. For Spas with copper plumbing best pH level is 7.4-7.8.
- 2) Use 1 Halobrom Spa Pak for every 300 gallons or person thereof.
- 3) Using the line on this package as a guide, cut off 1 corner.
- 4) Place Halobrom Spa Pak(s) in a through-the-mesh-strainer or using the enclosed tie, attach to strainer or if not available, place in an agitated area of the spa. Check frequently active bromine residual using a reliable Bromine Test Kit. Move Halobrom Spa Pak(s) closer or further from agitated area to get more or less dissolving action. Cut off additional corner of Halobrom Spa Pak or remove from bag entirely if active bromine residual of at least 2 ppm is not achieved. Remove pack(s) when empty and replace with new Halobrom Spa Pak(s).

For additional Spa care information, consult Spa Care Made Easy, available at your dealer. May also be used in Over-Flow-Tub automatic Brominator or Spa Float. Use as above.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in cool, dry, well-ventilated area, in well-closed original containers, away from every source, combustible organic materials, oxidizers, strong bases, and moisture.

**PESTICIDE DISPOSAL:** Waste resulting from the use of this product may be disposed on site or at an approved water disposal facility.

**CONTAINER DISPOSAL:** Place in trash collection or dispose in approved landfill area.

**SPILLS:** Sweep up dry spills and dispose of as described for pesticide disposal. If container contents are contaminated or decomposing, do not reuse container, utilize attached container at the open or a well-ventilated area. Flush with large volumes of water if necessary.

Pool Gallon Calculator (all dimensions in feet)  
Square or Rectangular Length x Width x Average Depth = 7.5 = Gallons  
Round or Oval Length x Width x Average Depth x .59 = Gallons  
Each 2" diameter tablet weighs 7 ounces (195 grams)

### PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

**DANGER:** Corrosive. Causes severe burns of eyes. Eye contact may cause loss of vision. Irritating to nose and throat. May burn the skin. May be fatal if swallowed. Do not breathe dust. Do not get in eyes, on skin, or on clothing. Impact-resistant goggles with side shields or face shield and rubber or plastic gloves must be worn when handling. Remove and wash contaminated clothing before reuse.

### ENVIRONMENTAL HAZARD

This product is toxic to fish. Apply this product only as specified on this label. Do not contaminate water by cleaning of equipment or disposal of wastes.

**NOTE:** Do not discharge into lakes, streams, ponds, or public water's unless in accordance with a NPDES permit. For guidance, contact your regional office of the EPA.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or empty container is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representatives at the nearest EPA Regional Office for guidance.

**PHYSICAL AND CHEMICAL HAZARDS STRONG OXIDIZING AGENT:** May irritate water. Use clean dry vessels. Do not add this product to or /dispensing device containing remnants of any other product. Combustion with vapors, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of toxic gases, and possible generation of fire and explosion.

### PRACTICAL TREATMENT (FIRST AID)

**If in eyes:** Flush eyes immediately with plenty of water at least 15 minutes and get medical attention at once.

**If on skin:** Wash immediately with soap and plenty of water. Remove and wash contaminated clothing before reuse.

**If swallowed:** Only after giving two egg whites or milk add two glasses of water induce vomiting by striking harder down throat, if needed. Repeat giving egg whites or milk and glasses of water until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person.

**If inhaled:** Remove person to fresh air immediately. Get medical attention at once.

**Notes to physicians:** Oxidation of an unguated compound is a safe first aid treatment than emesis.
