

**PROPOSED
DIRECTIONS FOR USE**

It is in violation of federal law to use this product in a manner inconsistent with its labeling.

1. Adjust water pH to 7.2-7.6 as determined by a test kit. For Spas with copper plumbing best pH factor is 7.6-7.8.
2. Use 1 Halobrom Spa Pak for every 300 gallon OR portion thereof.
3. The Spa-Pak feeder device conveniently holds 6 Halobrom Mini Tablets in a reusable applicator.

Place a Spa-Pak directly into the spa or skimmer, hang from a slotted skimmer using the "T" arm(s) or secure to a preferred area of the spa using a piece of monofilament. Increase or decrease bromine residual by moving to an area of greater or lesser agitation. Refill or replace with additional Spa-Paks as needed to maintain at least 2ppm available bromine at all times as determined by a reliable test kit.

For additional Spa care information, consult Spa Care Made Easy, available through your dealer.

INSTRUCTIONS FOR USE

HALOBROM

SPA PAK

ACTIVE INGREDIENTS:
 1-Bromo-3-chloro-5, 5-dimethylhydantoin 95%
 INERT: 5%
 Provides: 63% Available Bromine
 31% Available Chlorine

KEEP OUT OF REACH OF CHILDREN
DANGER
 READ THE FOLLOWING DIRECTIONS
 AND PRECAUTIONARY STATEMENTS
 BEFORE OPENING CONTAINER

.....
PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive, causes severe burns of eyes. Eye contact may cause blindness to nose and throat. May be fatal if swallowed. Do not breathe dust. Do not get in eyes, on skin or on clothing. Impact-resistant goggles with side-shields, or face shield, and rubber or plastic gloves must be worn when handling. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARD

This product is toxic to fish. Apply this product only as specified on this label. Do not contaminate water by cleaning of equipment, or disposal of wastes.

NOTE: Do not discharge into lakes streams, ponds, or public waters unless in accordance with a NPDES permit. For guidance, contact your regional office of the EPA.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT, mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of toxic gases, and possible generation of fire and explosion.

PRACTICAL TREATMENT: (FIRST AID)

If in eyes: Flush eyes immediately with plenty of water at least 15 minutes and get medical attention at once.

If on skin: Wash immediately with soap and plenty of water. Remove and wash contaminated clothing before re-use

If swallowed: Only after giving raw egg whites or milk and two glasses of water induce vomiting by sticking finger down throat, if needed. Repeat giving egg whites or milk and glasses of water until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person.

If inhaled: Remove person to fresh air immediately. Get medical attention at once.
Note to physician: Dilution of an ingested corrosive is a safer first aid treatment than emesis.

**SPECIAL PRECAUTIONS
PLEASE READ BEFORE OPENING CONTAINER**

Prevention of Physical Injury:

- 1) This product emits a powerful bromine gas. Do not open container indoors:
- Hold away from face when opening to avoid breathing fumes.
- 2) This product is dangerous when not used properly:

MISUSE MAY RESULT IN SERIOUS PERSONAL INJURY REQUIRING HOSPITALIZATION

RELATED COMPLICATIONS MAY LEAD TO DEATH

- Do not mix with any other chemicals -
- Mixing with other chemicals may cause a violent and instantaneous chemical reaction.
- Do not add water to this product -
- Do not add this product to water in a pail -
- Do not take advice from others -
- Do not experiment -
- Follow label instructions exactly

Prevention of Property Damage:

Contact between this product in its undissolved state and vinyl liners, painted surfaces or other property in or around the pool will result in permanent bleaching of the color.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

- 1) Adjust water pH to 7.2-7.6 as determined by a test kit. For Spas with copper plumbing best pH factor is 7.4.
 - 2) Use 1 Halobrom Spa Pak for every 300 gallons or portion thereof.
 - 3) Using the line on the pack as a guide, cut off 1 corner.
 - 4) Place Halobrom Spa Pak(s) in a through-the-wall-skimmer or using the enclosed tie, attach to skimmer or if not available, place in an agitated area of the spa. Check frequently active bromine residual, using a reliable Bromine Test Kit. Move Halobrom Spa Pak(s) closer or further from agitated area to get more or less dissolving action. Cut off additional corner of Halobrom Spa Pak or remove from bag entirely if active Bromine residual of at least 2 ppm is not achieved. Remove pak(s) when empty, and replace with new Halobrom Spa Pak(s).
- May also be used in Diver-A-Trol automatic Brominator or Spa Float. Use as above.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

STORAGE: Store in cool, dry, well-ventilated area, in well-closed original containers, away from energy sources, combustible organic materials, oxidizers, strong bases, and moisture.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Place in trash collection or dispose in approved landfill area.

SPILLS: Sweep up dry spills and dispose of as described for pesticide disposal. If container contents are contaminated or decomposing, do not reseal container; isolate unsealed container in the open or a well-ventilated area; flood with large volumes of water if necessary.

Spa Gallon Calculator (all dimensions in feet)

Square or Rectangular: Length x Width x Average Depth x 7.5 = Gallons

Round or Oval: Length x Width x Average Depth x 5.9 = Gallons

Each 2" diameter tablet weighs 3 ounces (85 grams)
