US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	EPA REGISTRATION NO. 8622-36	DATE OF ISSUANCE 17 FEB 1987
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Disinfectant	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Ameribrom, Inc.
 1250 Broadway
 New York, NY 10001

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 8622-36" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

MAY BURN THE SKIN * MAY BE
FATAL IF SWALLOWED**

Do Not Breathe Dust.

Do Not Get in Eyes, on Skin, or on Clothing.

**Impact-resistant Goggles with Side-shields, or Face Shield,
and Rubber or Plastic Gloves Must be Worn when Handling.**

Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARD

This product is toxic to fish. Apply this product only as specified on this label. Do not contaminate water by cleaning of equipment, or disposal of wastes.

NOTE: Do not discharge into lakes, streams, ponds, or public waters unless in accordance with a NPDES permit. For guidance, contact your regional office of the EPA.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CHEMICAL AND PHYSICAL HAZARDS

Strong oxidizer, mix with water only. Reaction with combustible organic materials, bases, moisture or with oxidizers may generate heat, hazardous gases and, possibly, fire or explosion. Do not add to dispensers or other equipment that is not dry and clean of any chemical remnants. Does not burn, but will decompose, from about 325°F (160°C), releasing toxic gases. Avoid comminution and dusting.

This product because of its potent formulation can be dangerous if not used properly. Do not mix with any other chemicals. This could result in a violent chemical reaction and physical body injury. Do not add water to this product. Do not add this product to a small amount of water in a pail. Do not close a container containing this product and any amount of visible moisture or liquid, as gases generated may cause an explosion. Do not use in-house Use outdoors only where there is unrestricted ventilation.

HALOSWIN-SHOCK
BROMO-CHLORO-DIMETHYLHYDANTOIN TABLETS

FASTEST WAY TO ESTABLISH AN INITIAL BROMINE RESIDUAL
OR TREAT POOL OR SPA PROBLEMS SUCH AS:

CLOUDY OR GREEN WATER
VISIBLE ALGAE
LOW BROMINE RESIDUAL
Bactericide - Algicide - Disinfectant

ACTIVE INGREDIENT: 1-Bromo-3-chloro-5,5-diaethylhydantoin..... 95%
INERT INGREDIENTS 5%

TOTAL 100%

Provides: 63% Available Bromine, 31% Available Chlorine

KEEP OUT OF REACH OF CHILDREN
D A N G E R
CORROSIVE AND STRONG OXIDIZER

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Flush eyes immediately with plenty of water for at least 15 minutes and get medical attention at once.

If on skin: Wash immediately with soap and plenty of water. Remove and wash contaminated clothing before re-use.

If swallowed: Only after giving raw egg whites or milk and two glasses of water induce vomiting by sticking finger down throat, if needed. Repeat giving egg whites or milk and glasses of water until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person.

If inhaled: Remove person to fresh air immediately. Get medical attention at once.

Note to physician:
Dilution of an ingested corrosive is a safer first aid treatment than emesis.

USE WITH ADEQUATE VENTILATION
WASH THOROUGHLY AFTER HANDLING
KEEP CONTAINER TIGHTLY CLOSED WHEN NOT IN USE
See side panels for additional precautionary statements

SPECIAL PRECAUTIONS (PLEASE READ)

- 1) This product has a powerful bromine odor. Hold away from face when opening to avoid breathing fumes.
- 2) When adding this product to a skimmer or a feeder make sure there are no other chemicals present, as a violent reaction may occur. It is always dangerous to mix chemicals.
- 3) Use this product as directed on label. Do not take advice from other or experiment by yourself.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read all directions first before proceeding with use. Proceed only where there is adequate ventilation.

Halobrom Shock works best when you use the power of the filter system to speed its dispersion in the water. DO NOT BROADCAST DIRECTLY into the water, as this product is potent and direct contact between it and pool or spa surfaces may cause bleaching or other discoloration.

Before applying, be sure to read special precautions.

TO ESTABLISH AN INITIAL BROMINE RESIDUAL (new water):

Dose at the rate of 5 ounces per 5,000 gallons (Spas: 1/2 oz per 250 gallons).

Pour slowly into active skimmer, being careful not to let product accumulate.

Allow filter to run for 3-4 hours to achieve proper distribution. Test with a reliable Bromine Test Kit. If bromine residual of at least 6 ppm is not achieved and maintained for 24 hours repeat dosage until such residual is found 24 hours after last dosage. Start normal bromination with the use of Halobrom tablets.

TO TREAT PROBLEM WATER which has an undesirable appearance due to cloudy or green water, visible algae or lack of a bromine residual, dose at the rate of 10 oz. per 5,000 gallons (Spas: 1 oz per 250 gallons) using the same directions as above.

Maintain bromine residual through the use of Halobrom slow dissolving brominating tablets, available in a wide variety of sizes and packages.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE:

Store in cool, dry, well-ventilated area, in well-closed original containers, away from energy sources, combustible organic materials, oxidizers, strong bases, and moisture. When handling or dealing with spills, use impact-resistant goggles with side-shields or face shield; body-covering clothes, including impervious rubber or plastic gloves and boots; use a dust respirator if dusting occurs.

PESTICIDE DISPOSAL:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner and punctured drum in a sanitary landfill or by incineration if allowed by State and local authorities, or, if allowed by State and local authorities, by burning. If burned stay out of smoke. Do not re-use container.

SPILLS:

Sweep up dry spills and dispose of as described for pesticide disposal. If drum contents are contaminated or decomposing, do not reseal container; isolate unsealed drum in the open or a well-ventilated area; flood with large volumes of water if necessary.

IN CASE OF FIRE:

Do not use ammonium phosphate extinguisher near water and Halon-Suim-Shock, hazardous reactions may occur.

DO NOT SMOKE, DRINK OR EAT WHEN HANDLING
