

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
8622-69

Date of Issuance:
May 12, 2005

Term of Issuance: Conditional

NOTICE OF PESTICIDE:

- Registration
- Reregistration

Name of Pesticide Product:
Bromicharge

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Ameribrom, Inc.
2115 Linwood Ave.
Ft. Lee, NJ 07024

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to the use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Change EPA File symbol 8622-AO to EPA Registration Number 8622-69.
3. Under Precautionary Statements, fix typo of "If" to "if" after Harmful.
4. Under Initial Dosage change "should" to "must".
5. Add following sentence to end of second paragraph under Maintenance: Outdoor spas should be covered when not in use.
6. Submit one copy of the final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

BROMIcharge

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Harmful if absorbed through the skin. Avoid breathing dust. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before re-use.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of waste.

CHEMICAL AND PHYSICAL HAZARDS

Will decompose above 1472°F (800°C), releasing toxic gases. Avoid comminution and dusting. Avoid contact with strong oxidizers (other than sodium hypochlorite and chlorine), acids, alkaloidal and heavy metal salts.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry, well-ventilated area, in well-closed original containers.

PESTICIDE DISPOSAL: Do not contaminate water, feed or food by storage or disposal. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse the container (or equivalent), then offer for recycle, reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by law and local authorities, by burning. If burned, stay out of smoke.

Manufactured in Israel for:

**AmeriBrom Inc.,
2115 Linwood Avenue
Fort Lee, NJ 07024**

EPA Reg. No. 8622-AO
EPA Est. No. 15298-IS-1

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with label directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.

ACTIVE INGREDIENT: Sodium Bromide 99%
OTHER INGREDIENTS: 1%
TOTAL 100%

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID	
If in eyes	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-420-9236 for emergency medical treatment information.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

See side panel for additional precautionary statements.

NET CONTENTS: _____ LBS.

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No.

8622-69

DIRECTIONS

It is a violation of Federal Law to use without proper labeling.

FOR INDOOR OR OUTDOOR USE
(Not for use in swimming pools)

BROMIcharge is designed to be used with a bromine electrolysis unit that converts bromide to a hypobromite solution (bromine) is then used as a disinfectant for spa water.

INITIAL DOSAGE:

Upon initial filling of spa with fresh water, add 2 gallons of spa water to a spa equipped with a bromine generator. This will establish sufficient bromine residual properly. This same treatment should be repeated when refilling the spa with fresh water.

MAINTENANCE:

A BROMITRON Bromine Generator was specifically designed until the bromide reserve level drops below 2 ppm. Generator should be added if the bromide level drops below 2 ppm and leaks are primary reasons for low bromine. Generator does not produce enough bromine to maintain recommended level of 1440 ppm as measured in water. The level can be tested with a bromine salt test or by taking a water sample to a laboratory. If added repeatedly the spa should be checked.

Before entering the spa the bromine level should be maintained between 2 and 5 ppm. Level can be tested with a suitable test kit (1 ppm bromine level is below 2 ppm as measured on the BROMITRON Bromine Generator raising the available bromine level. See Operator's Instruction for details.) Repeat test for active residual bromine. If the bromine level is below 5 ppm until the level drops below 5 ppm. Then when the spa is circulating. For more information see Operator's Instruction. Outdoor covered when not in use.

Spa water has a tendency to foam and a small amount of use it receives. This is due to the foam and contaminants too small for the defoamer, clarifier, shock treatments, and bromine. When added and refilling the spa will be the most satisfactory.

For problems beyond those listed in the Generator manual or call your BROMITRON local BROMITRON dealer's phone number.
