NET CONTENTS

SANITIZATION

To sanitize walls, floors and equipment, first clean thoroughly with a solution containing 2 ounces of **Pine Odor Disinfectant** per gallon of water to insure thorough cleaning. Sanitize cleaned surface with a rinse solution containing 1 ounce of **Pine Odor Disinfectant** per gallon of water. All treated food contact surfaces and/or equipment must be thoroughly scrubbed with detergents and rinsed with potable water prior to reuse.

DEODORIZATION

To deodorize surfaces during cleaning mop or brush surfaces with a solution containing 1½ ounces of **Pine Odor Disinfectant** per gallon of water.

When used as directed **Pine Odor Disinfectant** will disinfect hard surfaces such as floors, walls, counter tops and furniture. It may be relied upon to deodorize bathroom areas, garbage pails and other areas where obnoxious odors may develop. This product may be used as a disinfectant in home schools, restaurants, hospitals, nursing homes and rest rooms.

See left panel for use directions.

DANGER

KEEP OUT OF REACH OF CHILDREN

May cause eye damage and skin irritation. Protect eyes and skin when handling. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes then get medical attention promptly. In case of skin contact, flush skin with plenty of water for at least 15 minutes. Remove and wash contaminated clothing before reuse. If swallowed, do not induce vomiting, drink large quantities of fluids and get medical attention immediately.
