# MITCO CC-10-L ALGICIDE

## FOR CONTROLLING GROWTH OF ALGAE IN INDUSTRIAL RECIRCULATING WATER COOLING SYSTEMS

### ACTIVE INGREDIENTS

N-alkyl (C14, C12, C16) dimethyl benzyl ammonium chlorides ..... 10%

### INERT INGREDIENTS

Water and ethanol ..... 90%

EPA Reg. No. 8637-3

EPA Establishment No. 08637-MI-1

EPA Establishment No. 08637-TX-1

## CAUTION

### KEEP OUT OF THE REACH OF CHILDREN

**PRECAUTIONARY STATEMENT  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

**STATEMENT OF PRACTICAL TREATMENT:** If swallowed, drink large quantities of water. Avoid alcohol. Call physician immediately. In case of contact with skin, wash at once with soap and water; for eyes, flush with water for at least 15 minutes and get medical attention.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

### DIRECTIONS FOR USE

This product is intended to be fed intermittently into the system. Chemical may be poured into the sump of the cooling tower or evaporate condenser. Approximately one gallon should be used per 10,000 gallons of water in the system. Chemical additions should be made weekly during the season when algae is likely to develop. When treating system for the first time, add chemical in small increments to determine the extent of foaming. Your Mitco field service engineer can furnish detailed instructions.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Do not stack more than four drums high. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
