DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Bin Preparation As with other blends of acids, Tenox P is corrosive. Bins should be protected by lining with non-toxic plastic sheeting before filling.

Application Tenox P is suggested for application as directed below immediately after harvest to prevent fungal growth in stored corn, milo, barley, wheat, and oats:

Pounds per ton of grain with the following respective percent moisture content

Moisture Content (%)	16	18	20	22	24	26	28	30	32	34	36
Pounds of Tenox P	11	13	15	17	19	21	23	25	27	29	31

[Convert to "fluid ounces per 100 pounds of grain" by use of the formula: (pounds product per ton grain) x 0.77 = (fluid ounce product per hundredweight grain)]

Apply undiluted, by use of low pressure spray nozzles achieving uniform coverage, as grain passes through applicator. Stop grain flow immediately in event of spray failure or nozzle plugging. Concentrations of untreated grain may develop fungal growth which may spread and spoil all grain in the bin. ONLY GRAIN WHICH IS TO BE USED AS ANIMAL FEED SHOULD BE TREATED since application will reduce grains to Sample Grade and reduce germination. Increasing the suggested rate of application in the Table by 25% for the top 10% of the grain placed in each storage bin will provide additional protection against the effect of normal moisture migration in the grain during storage.

— STORAGE AND DISPOSAL —

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Avoid contamination of stored pesticide with water or caustic.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Open dumping is prohibited.

CONTAINER DISPOSAL: Reseal container and offer for reconditioning, or triple rinse (or equivalent) and offer for recycling, reconditioning, or disposal in approved landfill.

PESTICIDE SPILLAGE: Neutralize with sodium carbonate, sodium bicarbonate, chalk or lime.

GENERAL: Consult Federal, State or Local disposal authorities for approved alternative procedures.
