DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.
PREMISE & BAND TREATMENT AROUND HOME FOUNDATIONS — Apply a band of Granules 5 feet wide around the dwelling next to the house foundation as a barrier against insects invading the home. Use 4 ounces of product to treat a band 5 feet wide and 20 feet long around the foundation. One pound will treat up to 500 Sq. Ft. (5' x 100' band). This treatment will control commonly found insects which may be present such as Ants, Brown Dog Ticks, Crickets, Mole Crickets, Earwigs, Fleas, Millipedes, Sowbugs, Springtails & Spiders. Apply the protective band around the home when insects are present and are causing problems, especially in the late spring or early fall. Repeat as necessary for control.

PRECAUTIONARY STATEMENTS
 Hazards to Humans and Domestic Animals

MAY BE HARMFUL IF SWALLOWED

Do not take internally. Avoid contact with eyes, skin, and clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse. Flush contaminated eyes with plenty of water and get medical attention if irritation develops or persists. *Keep children and pets off treated areas until this material is washed into the soil and grass is dry.*

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.
