WASHINGTON, D.C. 20460

OFFICE OF
PREVENTION, PESTICIDES AND
TOXIC SUBSTANCES

Mr. Sanford R. Simon
Director, Technical Services
Pursell Industries, Inc.
P.O. Box 540
Sylacauga, AL 35150

MAR - 6 2001

Dear Mr. Simon:

Subject: Dimension® 6-25G
EPA Registration No. 8660-167
Application and Letter Dated February 12, 2001, Request To
Amend the Registration To Allow Use of Packages of
17 Pounds of Product

The proposed labeling to amend the subject registration has been reviewed and is acceptable under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) as amended, provided that you:

1. Delete your document identification information where it occurs in the proposed labeling.
2. Revise the New York Restriction to read: "In New York State this product is prohibited from use in Nassau and Suffolk Counties."
3. Submit one label and respective Confidential Statement of Formula that reflects each percent active ingredient (a.i.) between 0.06% and 0.25% a.i. for each product shipped under this EPA Registration (No. 8660-167).
4. If a range of dosages is given in the directions of use section of any labeling submitted under this range registration, you must tell the using public when to use the various possible dosages.
5. Submit one (1) copy of the final printed label before releasing the product for shipment bearing the subject labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA

-2-

section 6(e), Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Eugene M. Wilson
for Joanne I. Miller
Product Manager (23)
Herbicide Branch
Registration Division (7505C)

[Product to be formulated such that application rate will not exceed 0.25 pounds of AI per acre]

PRECAUTIONARY STATEMENTS
Hazards to Humans and
Domestic Animals

CAUTION:

- Causes eye irritation, if in eyes.
- Harmful if inhaled.
- Avoid contact with skin, eyes, or clothing.
- Wash thoroughly with soap and water after handling.
- If product gets on clothes, wash before reuse.
- Prolonged or repeated skin contact may cause allergic skin reactions in some individuals.

First Aid

The table below describes the first aid procedures for incidents involving Dimension® 6-25 G.

In the case of accidental...	Immediately...
Contact with eyes	<ul style="list-style-type: none"> • Open eyelids and rinse eye slowly and gently with water. • Continue to rinse eye for 10-15 minutes. • Call a doctor if irritation persists.
Inhalation of dust	<ul style="list-style-type: none"> • Move person to fresh air • Call a doctor or poison control center if breathing difficulty develops.
<p>NOTE: When calling a poison control center, have this product label accessible. If advised to seek treatment at an emergency room or doctor's office, bring this product label to show medical personnel. Active Ingredient: Dithiopyr, CAS # 97886-45-8</p>	

Environmental Hazards

- This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Use with care when applying to turf areas adjacent to any body of water. Drift and runoff from treated turf may adversely affect aquatic organisms in adjacent aquatic sites. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas.
- Do not contaminate water when cleaning equipment or disposing of equipment washwater.

Directions for Use

IMPORTANT: Follow label directions

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For outdoor residential use only.

Using these directions

These "Directions for Use" are designed to help you determine the appropriate application procedure for this product.

Before using this product, make sure that you read the entire "Directions for Use" section of this label.

Before you Use

Read and follow these use precautions when you use this product

- Apply only to lawns and ornamental turf that are well established.
- Wait at least 12 weeks after using this product before reseeding, overseeding or sprigging of grass into areas that have been treated.
- Do not use this product on new lawns or grass that has been weakened or stressed by drought, excessive temperatures or pests.
- When applying around ponds or other bodies of water, do not apply in windy conditions or where product can be moved into water by wind and washing rains.
- Keep people and pets off treated areas until dust has settled.
- Do not use grass clippings as mulch around vegetables or fruit trees.
- This product may be applied to flowers listed on this label.
- Do not make more than 1 application to the same area in the same year.

How to use

1. Apply this product at the rate of: 3.4 lbs. per 1000 sq. ft. (1 bag treats 5,000 sq. ft.)
2. Calibrate your spreader according to the spreader manufacturer's directions. Adjust settings as needed to apply the recommended rate of product.
3. Using a drop-type or rotary spreader, apply granules evenly over grass, avoiding streaking, skips or overlaps. Avoid using spreaders that apply product in narrow or concentrated bands.
4. Check calibration of spreader frequently to insure spreader is functioning properly and applying product evenly.

Spreader Settings

This 17 pound bag covers 5,000 sq. ft. Use the settings below to apply at a rate of 3.4 lbs. per 1,000 sq. ft.

Where to use

This product can be used on the following types of grass when applied as directed:

Cool Season Grasses

- Agrostis Stolonifera
- Bentgrass, creeping
- Bluegrass, Kentucky
- Fescue fine
- Fescue tall
- Festuca arundinacea
- Festuca rubra
- Lolium, perenne
- Poa pratensis
- Rye grass, perennial

Warm Season Grasses

- Axonopus affinis
- Bahia
- Bermuda
- Buchloe dactyloides
- Buffalograss
- Carpetgrass
- Centipede
- Cynodon dactylon
- Eremochloa ophiuroide
- Kikuyugrass
- Paspalum notatum
- Pennisetum clandestinum
- St. Augustine
- Stenotaphrum secundatum
- Zoysia japonica
- Zoysiagrass

When to apply

- Product may be applied either in the Spring or Fall for the control of weeds.
- [Claim for rates 0.18 – 0.25 pounds of active ingredient per acre] Product will provide up to 4 months of weed control when used as directed,
- [Claim for rates 0.15 – 0.17 pounds of active ingredient per acre] Product will provide up to 3 months of weed control when used as directed,
- To get control of listed weeds other than crabgrass, applications must be made before weeds emerge.
- Dimension® 6-25G crabgrass preventer for home lawns will control crabgrass if applied before it emerges.
- [Claim for rates 0.22 – 0.25 pounds of AI per acre] Dimension® 6-25G crabgrass preventer for home lawns will provide early post emergence control of crabgrass when applied within 4 weeks of germination.

Weeds Controlled

Pre- and Early Post Emergent

- Crabgrass

Pre-Emergent (Preventative)

Grass Weeds		Broadleaf Weeds	
Annual Bluegrass	Goosegrass	Bittercress	Creeping Oxalis
Annual Ryegrass	Green Foxtail	Buttercup Oxalis	Henbit
Barnyardgrass	Kikuyugrass (seedling)	Carolina Geranium	Parsley-piert
Crabgrass	Perennial Ryegrass	Chickweed	Pineappleweed
Crowfootgrass	Smutgrass (seedling)	Common Lespedeza	Prostrate Spurge
	Yellow Foxtail	Common Purslane	Spotted Spurge
		Corn Speedwell	Yellow Woodsorrel

TOLERANT TREES, SHRUBS, AND FLOWERS

(A full list of Tolerant Trees, Shrubs, and Flowers is given as an addendum to this label.)

When applied as directed under the conditions on this label, trees, shrubs, and flowers listed below have shown tolerance in field trials. However, this product has not been tested on all cultivars of each species or under all possible growing conditions. Follow the use directions given above to determine plant tolerance under your growing conditions. A limited area involving only a few plants should be treated and observed for signs of yellowing, wilting, or lack of growth prior to large-scale application.

Common Name	Botanical Name	Tolerant Cultivars
Abella, Dwarf	Abella X grandiflora	Nana
Ajuga	Ajuga reptans	Bronze
	Ajuga genevensis	Bronze Beauty
Almond, Flowering	Prunus glandulosa	
Apple*	Malus pumila	
Arborvitae	Thuja occidentalis	Nigra, Pyramidalis, Smaragh Techny, Woodwardii

* Ornamental Species only. DO NOT USE ON FOOD-PRODUCING TREES, SHRUBS, and FLOWERS.

Storage and Disposal

Take the following precautions:

IMPORTANT: Precautions during storage and disposal

- Keep out of reach of children
- Do not contaminate water, foodstuffs, feed or seed by storage or disposal
- Do not reuse empty product bags.

Storage conditions

Store Dimension® 6-25G in original container in a cool and dry location. The storage area should be locked and inaccessible to children.

Disposal

Sweep up any spilled material and use according to label directions.

Securely wrap the empty product bag in several layers of newspaper, and place in trash.

Important: If all of product can not be used according to label directions, make sure bag is securely sealed or wrapped up before disposing.

Conditions of Sale and Warranty

NOTICE: Buyer and user assumes all risk and liability of use, storage, and/or handling of this product not in accordance with the terms of this label.
