with label warnings and directions.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING: May be fatal if swallowed. Avoid breathing dust. Avoid contact with skin, eyes and clothing. Wash hands with soap and water after handling and before eating or smoking.

ENVIRONMENTAL HAZARDS
This pesticide may be fatal to children and dogs or other pets if eaten. Keep children and pets out of treated area. Follow directions and use with care. Dogs and chickens may be attracted to this bait. This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

Pursell Snail & Slug Killer Pellets is a special preparation for the control of snails. It attracts and kills snails and slugs with metaldehyde. The presence of snails and slugs can be detected by their shiny mucous-like trail. They are night feeders and prefer damp, cool places in the ornamental garden, flowers, under boards or flowerpots and around fences, hedges and bushes.

DIRECTIONS FOR USE

1 Pound Treats up to 2,000 sq.ft.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production or for research purposes. Water area to be treated thoroughly. Broadcast Pursell Snail and Slug Killer Pellets late in the day in the areas likely to be infested. Apply to the soil and not directly on plants. Do not apply to edible parts or foliage. Scatter, do not leave in piles. In gardens and lawn areas insure pellets are applied around base of bedding plants and other low growing plants where snails and slugs hide. To avoid early damage to your garden, apply before snails and slugs appear at spring planting.

Continuous watering and high temperatures cause this bait to gradually lose some of its effectiveness. Repeat applications every week to ten days during the spring and summer months. Treatment every two weeks during fall and winter months is usually satisfactory. Repeated treatments provide control of new broods emerging during this period. Three applications ten days apart usually gives control of new hatch. Apply 1 pound of this product to 2,000 sq.ft. of area.

1 Pound Treats up to 2,000 sq.ft.

VEGETABLES

TO control Snails and Slugs on the following vegetables and fruit crops, apply to soil surface around plants and trees. Do not contaminate edible parts or foliage.
VEGETABLES: Asparagus, Beans, Blackeyed Peas, Broccoli, Brussels Sprouts, Cabbage, Melons, Carrots, Cauliflower, Corn, Cucumbers, Eggplant, Endive, Garlic, Kale, Kohlrabi, Horseradish, Leeks, lettuce, Okra, Onions, Peas, Peppers, Potatoes, Pumpkins, Radishes, Rutabagas, Salsify, Shallots, Spinach, Squash, Swiss Chard, Tomatoes, and Turnips.

FRUIT CROPS:

Apples, Apricots, Avocados, Blackberries, Boysenberries, Cherries, Citrus, Grapes, Loganberries, Nectarines, Peaches, Pears, Plums, Raspberries, and Strawberries.

FOR SNAILS & SLUGS IN DCHONDRA, CLOVER, and GRASS LAWNS.

Distribute pellets over entire lawn as necessary.
1 Pound Treats up to 2,000 sq.ft.

STORAGE AND DISPOSAL

Storage: Store in original container in safe, dry place. Do not contaminate other pesticides, fertilizer, seeds, food or feed. Return spillage to original container prior to disposal.
Product Disposal: Securely wrap original container in several layers of newspaper and discard in trash. Container Disposal: DO not re-use box. Discard box in trash.
