- Registration
- Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Sta-Gone snail & Slug Killer Meal

Name and Address of Registrant (include ZIP Code):

Pursell Industries, Inc.
P.O. Box 540
Sylacauga, AL 35150

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence to this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 8660-251".

Signature of Approving Official:

Tina E. Levine

Tina E. Levine, PhD, Chief
Insecticide-Rodenticide Branch
Registration Division (7505C)

Date:

Page Two
8660-251

3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosure:

1 Pound Treats
up to 2,000 sq.ft.

Read entire label. Use strictly in accordance with label warnings and directions.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING: Keep out of reach of children. May be fatal if swallowed. Avoid breathing dust. Avoid contact with skin, eyes and clothing. Wash hands with soap and water after handling and before eating or smoking.

ENVIRONMENTAL HAZARDS
This pesticide may be fatal to children and dogs or other pets if eaten. Keep children and pets out of treated area. Follow directions and use with care. Dogs and chickens may be attracted to this bait. This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

DIRECTIONS FOR USE

1 Pound Treats up to 2,000 sq.ft.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Not for use on turf or plants being grown for sale or for commercial use such as sod, or for commercial seed production or for research purposes. Water area to be treated thoroughly. Broadcast Sta-Gone Snail and Slug Killer Meal late in the day in the areas likely to be infested. Apply to the soil and not directly to plants. Do not apply to edible parts or to foliage. Scatter the bait evenly, do not leave in piles. In gardens and lawn areas insure pellets are applied around base of bedding plants and other low growing plants where snails and slugs hide. To avoid early damage to your garden, apply before snails and slugs appear at spring planting. Continuous watering and high temperatures cause this bait to gradually lose some of its effectiveness. Repeat applications every week to ten days during the spring and summer months. Treatment every two weeks during fall and winter months is usually satisfactory. Repeated treatments provide control of new broods emerging during this period. Three applications ten days apart usually gives control of new snails and slugs.

HOME VEGETABLE GARDENS

1 Pound Treats up to 2,000 sq.ft.

TO control Snails and Slugs around the following vegetables and fruit crops, apply to soil surface around plants and trees. Do not contaminate edible parts or foliage. May be used up to day of harvest.

VEGETABLE PLANTS: Asparagus, Beans, Blackeyed Peas, Broccoli, Brussels Sprouts, Cabbage, Melons, Carrots, Cauliflower, Corn, Cucumbers, Eggplant, Endive, Garlic, Kale, Kohlrabi, Horseradish, Leeks, Lettuce, Okra, Onions, Peas, Peppers, Potatoes, Pumpkins, Radishes, Rutabagas, Salsify, Shallots, Spinach,
