

DIRECTIONS FOR USE

DAIRY FARM USE

Wash clean, then use 1 ounce EM-BEE SOLUTION to each three gallons water to sanitize cans, pails, bulk coolers, milking machines, strainers, etc., also cows udders, teats and milkers hands.

For further information check with parts per million table at right side of label.

FOR FOOD PROCESSING

AND WAREHOUSE

Sanitize with 200 ppm available chlorine for all non-porous surfaces; for porous surfaces use 800 ppm available chlorine

All surfaces should be exposed to the sanitizing solution for a period of not less than 2 minutes. Surfaces treated with sanitizing solutions exceeding 200 ppm available chlorine should be rinsed with a potable water supply.

Use 0.1 to 0.5 ppm of available chlorine. Use a chlorine test set for the determination of proper concentrations and amount of residual chlorine.

Where local or State regulations are in effect, consult authorities for proper sanitizing concentrations and procedures.

DO NOT STORE Sodium Hypochlorites longer than six months from the date of manufacture

FOR BLEACHING AND SANITIZING White or color fast cottons, linens, nylon, dacron, orlon, rayon, etc. $\frac{1}{2}$ cup per 4 gals. water or $\frac{1}{2}$ cup per washing machine load in top-loading machines, 1 cup in front-loading machines. Use bleach in washing machine or first rinse.

Wash or soak for 10 minutes. Rinse well. If clothes are already in machine, dilute bleach before using.

REMOVING STAINS For stubborn stains from fruit, grass, tea, coffee, scorch, ink, mildew, etc. use $\frac{1}{2}$ cup bleach per quart of water. Soak stained area in bleach solution for 5 minutes. Rinse well. Repeat if necessary. Colored fabrics — Test small piece before using. Use on glass, rubber, porcelain or enameled containers.

CLEANING KITCHEN SINKS To clean sinks, bathtubs, tile, linoleum, porcelain, enameled metal, etc., use $\frac{1}{2}$ cup bleach per quart of water. Spread bleach solution with cloth. Let stand for only 2 minutes. Rinse well.

WHITENING AGE-YELLOWED NYLON To whiten nylon that has yellowed with age use $\frac{1}{2}$ cup per 4 quarts of warm water.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Skin and eye contact may cause severe irritation. Avoid contact with skin and eyes.

ANTIDOTE Internally: Feed cooked cereal or egg white followed by olive oil or cooking oil. Call a Physician.

EXTERNALLY Immediately flood with cold water. Call a Physician.
