WRIGHT INCORPORATED

FORT WORTH, TEXAS 76119

This disinfectant is effective against a wide variety of gram-positive and gram-negative bacteria, fungi, and viruses. It is also effective against odors. Use as directed on all hard surfaces.

This disinfectant mixed with water is for use on, stable and unstable. One solution is non-corrosive and non-damaging to plastic, vinyl, synthetic, wood, tile and most common metals. See a standard pine odor.

PRECAUTIONARY STATEMENTS
 HAZARD TO HUMANS
 AND DOMESTIC ANIMALS
 DANGER

Causes severe eye and skin damage. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Wash goggles or face mask and rubber gloves after handling.

ENVIRONMENTAL HAZARD: This product is toxic to fish. Do not discharge into lakes, streams, ponds or public water areas in accordance with an EPA permit.

PHYSICAL OR CHEMICAL HAZARD: Do not use or store near heat or open flame.

THE DIRECTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION INFORMATION

Select the proper dilution of disinfectant for your use from the directions below. Apply the use solution with a clean mop, sponge, cloth, squeegee, or mechanical scrubber.

Prepare fresh use solutions daily. Do not reuse solutions. Discard solutions when they become visibly soiled. For disinfection, thoroughly wet the surfaces to be treated. Surface must remain moist for at least 10 minutes to insure proper germicidal action.

Disinfectant may be used for cleaning and disinfecting hard, non-porous, inanimate surfaces (e.g., metal, glass, porcelain, tile, smooth finished, vinyl, painted and stained wood surfaces) on walls, floors, appliances and furnishings.
