LURE N KILL™ American Cockroach Sex Attractant Baits

For Use With Residual Insecticides

ACTIVE INGREDIENT:	
Periplanone B, (1R-(1R',2R',5S',6E,10R'))-(S)-	
8-methylene-5-(1-methylethyl)-spiro[11-oxabicyclo[8.1.0]	
undec-6-ene-2,2'-oxiran]-3-one	0.001%
INERT INGREDIENTS	99.999%
TOTAL	100.000%

*Equivalent to 0.245ug per 1" x 2" unit

LURE N KILL American Cockroach Sex Attractant Baits are a special controlled release formulation of periplanone B (pB), the sex pheromone of the American cockroach, *Periplaneta americana*. When applied with residual insecticides, these baits increase the control of American cockroaches ("Palmetto bugs" or "waterbugs") and other *Periplaneta* species, such as Australian cockroach, *P. australasiae*; smoky brown cockroach, *P. fuliginosa*, and brown cockroach *P. brunnea*.

CONTENTS: 00 Sex Attractant Baits

CAUTION: KEEP OUT OF REACH OF CHILDREN.
Read Directions and Precautionary Statements Before Use

LURE N KILL™
American Cockroach
Sex Attractant Baits

Lures roaches, palmetto
bugs, and waterbugs
to their death™

LURE N KILL American Cockroach Sex Attractant Baits uses a patented EX LURE to attract Palmetto Bugs (American cockroach) to their death—even if you don't directly spray.

PRECAUTIONARY STATEMENTS

Hazardous to Humans and Domestic Animals

Caution: Do not open protective pouch until ready to use. Avoid contact with skin, eyes or clothing. Wash hands after use.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Open protective pouch and remove sex attractant baits. Peel off paper backing and press baits onto killing stations. Use one bait per station. Place killing stations in places where palmetto bugs or waterbugs (American cockroaches) crawl or hide, such as the dark, warm, damp spots of kitchens, bathrooms, laundry areas, basements and garages. Use two killing stations per 100 sq. ft. of surface to be treated. Replace killing stations approximately every six weeks or when effectiveness diminishes.

LURE N KILL American Cockroach Sex Attractant Baits should be used only with residual insecticides which are EPA-registered for cockroach control. Spray a one square foot (1' x 1') area around each killing station. Spray approximately 1 to 10 seconds in each station. For best results, spray killing stations every seven days.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place.
Disposal: Do not reuse empty container. Discard in trash.
Notice: Buyer assumes all responsibility for safety and use not in accordance with directions.
