AND TOXIC SUBSTANCES

Priscilla MacLean  
Product Development Manager  
Aberdeen Road Company d/b/a  
Hercon Environmental  
P.O. Box 435  
Emigsville, PA 17318:

JUL 8 2003

Subject: EPA Reg. NO.: 8730-49  
Hercon High Tech Insectape  
Label Amendment  
Submission Dated June 17, 2003

Dear Ms. MacLean :

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the above mentioned label before releasing the product for shipment.

If you have any questions or comments about this letter, please contact Stephanie Nguyen at 703-605-0702.

Sincerely yours,

A handwritten signature in black ink, appearing to read "D.C. Kenny".

# HIGH TECH INSECTAPE®

**Insecticidal Strips or Insect Patch  
KILLS WASPS, BEES, HORNETS,  
YELLOWJACKETS, ANTS, SPIDERS, ROACHES,  
AND WATERBUGS.**

**REPELS RED IMPORTED FIRE ANTS AND  
ROACHES FROM UTILITY EQUIPMENT.**

**FOR INDOOR AND OUTDOOR USE.**

**LONG LASTING. REDUCES NEED FOR FREQUENT  
TREATMENT.**

**KILLS CONTINUOUSLY.  
SPECIALLY DESIGNED FOR USE IN  
TELECOMMUNICATIONS, POWER, AND UTILITY  
INDUSTRIES.**

ACTIVE INGREDIENT:	
2-(1-Methylethoxy) phenol methylcarbamate.....	10.0%
OTHER INGREDIENTS:.....	90.0%
TOTAL.....	100.0%

## KEEP OUT OF REACH OF CHILDREN WARNING

**Read directions and precautionary statements before use.**

**See Back panel for First Aid Statements**

**Contents: 60 pouches**

**MINIMUM NET WEIGHT: 0.31 oz (8.9 gm)/pouch**

*FRONT PANEL revised June 5, 2003*

**ACCEPTED**

JUL 8 2003

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

8730-49

For application in electrical and electronic equipment as well as other listed areas:

- FOR INDOOR AND OUTDOOR USE
- NON-CORROSIVE
- NON-CONDUCTIVE
- CONTROLLED-RELEASE FORMULA
- FAST, EASY TO APPLY
- LONG TERM EFFECTIVENESS

**FOR USE IN THE FOLLOWING:**

- Telecommunications
- Power and Utilities
- Electronics
- Railroad Systems
- Municipalities
- Traffic Control Systems
- Government and Military
- Pest Control Operators
- Security and Smoke Alarms
- Computers
- Hotels and Motels
- Schools and Universities
- Food Service Industry
- Health Care Institutions
- Biological Facilities
- Housing Authorities

Apply in new and existing equipment to prevent future insect infestation.

Non-corrosive, non-conductive, controlled-release.

INSECTAPE® is an adhesive-backed multi-layered strip containing Baygon® insecticide that will continuously kill cockroaches, waterbugs, ants, spiders, wasps, hornets, bees, and yellowjackets that walk across its surface. Only one easy application is needed to work around the clock for continuous insect control. Actual length of effectiveness will vary in different situations. Depending upon the degree of infestation it will take from a few days to a few weeks before insect control is achieved. Use INSECTAPE® alone or as a supplemental residual treatment with recommended insecticide sprays, dusts, or baits. Good sanitation practices should be followed in either case.

**SIDE PANEL**

476

**HOW THE STRIP WORKS:**

---

Picture of the Strip

Hercon's patented, controlled-release system provides long-term insect protection. The insecticide is sealed in a reservoir within the multi-layered strip. As the insecticide is removed from the surface by insect or other activity, insecticide in the reservoir layer automatically moves up to the surface to maintain insect control.

---

**WARRANTY:**

Manufacturer warrants that the product is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to use of this product under abnormal conditions not reasonably foreseeable to manufacturer and user assumes the risk of any such use.

**HERCON® HIGH TECH  
INSECTAPE®  
INSECTICIDAL STRIP or INSECT PATCH**

ACTIVE INGREDIENT:  
2-(1-Methylethoxy)phenol  
methylcarbamate ..... 10.0%  
INERT INGREDIENTS ..... 90.0%

Kills roaches, waterbugs, ants, spiders,  
wasps, hornets, bees, and yellowjackets after  
they walk across the surface.  
Repels red imported fire ants and roaches  
from utility equipment.

CONTENTS: SIX 1" x 4" INSECTICIDAL STRIPS OR ONE 6" x 4" PATCH  
MINIMUM NET WEIGHT 0.31 OZ (8.9 gm)/pouch

HERCON INSECTAPE or INSECT PATCH is an adhesive-backed, multi-layered strip/patch containing BAYGON® insecticide. It continuously kills cockroaches, waterbugs, ants, spiders, wasps, hornets, bees, and yellowjackets that walk across the surface. Only one easy application is needed to work around-the-clock for continuous insect control. Actual length of effectiveness will vary in different situations. Depending upon the degree of infestation, it will take from a few days to a few weeks before insect control is achieved. Use HERCON INSECTAPE or INSECT PATCH alone or as a supplemental residual treatment with recommended insecticide sprays, dusts or baits. Good sanitation practices should be followed in either case.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**WARNING:** Harmful if swallowed. Avoid contact with eyes, clothing and food. Wash hands with soap and water after handling.

<b>FIRST AID : CARBAMATE INSECTICIDE</b>
<b>IF SWALLOWED</b>
<ul style="list-style-type: none"> <li>• Call the poison control center or doctor immediately for treatment advice</li> <li>• Have the person sip a glass of water if able to swallow</li> <li>• Do not induce vomiting unless told to do so by the poison control center or doctor</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b>IF ON SKIN OR CLOTHING</b>
<ul style="list-style-type: none"> <li>• Take off contaminated clothing</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes</li> <li>• Call a poison control center or doctor for treatment advice</li> </ul>
<b>IF IN EYES</b>
<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes</li> <li>• Remove contact lenses if present after the first 5 minutes then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice</li> </ul>
Contains an N-methyl carbamate that inhibits cholinesterase. Have the product container or label with you when calling a poison control center or doctor or going for treatment.
<b>NOTE TO PHYSICIAN: Atropine is antidotal</b>

**Keep Out of Reach of Children  
WARNING**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.  
Do not open protective pouch until ready to use. **FOR ROACHES, WATERBUGS, ANTS AND SPIDERS:** Wipe or clean surfaces before applying. Place HERCON INSECTAPE or INSECT PATCH wherever roaches, waterbugs, ants and spiders crawl or nest. **FOR WASPS, HORNETS, BEES, and YELLOWJACKETS INSIDE ENCLOSURES:** Use to kill and prevent wasps, hornets, bees, and yellowjackets from nesting inside telecommunications or electrical enclosures. If necessary, flush out insects with EPA registered product before placement. Wipe or clean surfaces before applying HERCON INSECTAPE or INSECT PATCH inside such equipment as aerial terminals, pedestals and cable enclosures, electric meter, traffic controller or junction boxes, and other outdoor telecommunications or electrical apparatus.  
If using insect patch in above applications. Either cut patch to fit equipment or apply entire 6-in x 4-in patch according to the equipment size. Remove adhesive backing from patch by carefully peeling release liner away, exposing adhesive surface. Store unused sections of patch in zip-lock bag provided. Refer to APPLICATION GUIDE or box label for Directions for Use for these unused sections.  
Do not place HERCON INSECTAPE or INSECT PATCH in exposed locations where direct contact with children, pets, food or clothing is likely to occur. For high-tech applications, do not use more than 12, 1 in. X 4 in. strips or two 6-in x 4-in patches per cubic feet of equipment. Replace strips/patch when effectiveness is diminished to effect and maintain control.

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal.  
**STORAGE:** Store in sealed pouch in a cool, dry place until used.  
**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.  
**CONTAINER DISPOSAL:** Do not reuse empty pouch. Discard pouch in trash.

### STORAGE AND DISPOSAL

**PESTICIDE STORAGE:** Store in sealed pouch in a cool, dry place until used.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Do not reuse empty pouch. Discard pouch in trash.

### DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOR ROACHES, WATERBUGS, ANTS, AND SPIDERS:** Wipe or clean surfaces before applying. Place INSECTAPE wherever roaches, waterbugs ants and spiders crawl or nest.

**FOR WASPS, BEES, HORNETS, AND YELLOWJACKETS INSIDE EN CLOSURES:** Use to kill and prevent these insects from nesting inside telecommunications or electrical closures. If necessary, flush out insects with EPA-registered product before placement.

Wipe or clean surfaces before applying INSECTAPE<sup>®</sup> inside such equipment as aerial terminals, pedestals and cable closures, electric meter, traffic controller or junction boxes and other outdoor telecommunications or electrical apparatus. Remove adhesive backing from strip or back of patch pouch by carefully peeling release liner away exposing adhesive surface. Either cut patch to fit equipment or apply entire 6-in x 4-in piece according to equipment size. Store unused sections of patch in zip-lock bag provided. Refer to **APPLICATION GUIDE** or box label or **Directions for Use** for these unused sections.

Do not place INSECTAPE<sup>®</sup> or INSECT PATCH in exposed locations where direct contact with children, pets, food or clothing is likely to occur. Do not use more than twelve 1-in x 4-in strips or two 6-in x 4-in patches per cubic foot of equipment. Replace strip when effectiveness is diminished to effect and maintain control
