Ms. Priscilla MacLean
Product Development Manager
Aberdeen Road Company
d/b/a Hercon Environmental
P.O Box 435
Emigsville, PA 17318

Subject: Notification per PRN 98-10 – Addition of Mosquito Graphic; Optional Marketing Claims
Product Name: Hercon Vaportape II
EPA Registration Number: 8730-50
Application Date: March 29, 2016
Decision Number: 517885

Dear Ms. MacLean:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

HERCON®
VAPORTAPE™ II INSECTICIDAL STRIPS
FOR USE AS TOXICANT IN INSECT TRAPS
FOR OUTDOOR USE ONLY

Environmental Hazards

This product is toxic to fish, birds and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash-waters or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not open protective pouch until ready to use. HERCON VAPORTAPE II is to be used only as the toxicant strip for outdoor insect traps, including but not limited to boll weevil, gypsy moth, spruce budworm, southwestern corn borer, sweet potato weevil, and mosquito. Do not use toxicant strip for any other purpose. Read Directions for Use accompanying the trap before opening the VAPORTAPE II package. Replace strips after 12 weeks or when effectiveness diminishes.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store unopened container in a cool dry place until ready for use. Do not store with food.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed on site or at an approved waste disposal facility.

Container Disposal: Non-refillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

Net Weight: X oz [contains 73.75 mg or 147.5 mg of DDVP]

KEEP OUT OF REACH OF CHILDREN

CAUTION

Read Directions and Precautionary Statements Before Use.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION Harmful if swallowed. After prolonged storage a small amount of liquid may form on the strip. Avoid contact with eyes and mouth. Wash hands thoroughly with soap and water after handling strip. Contains an organophosphate that inhibits cholinesterase.

FIRST AID

IF SWALLOWED

Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present after the first 5 minutes then continue rinsing eye. Call a physician immediately.

IF ON SKIN OR CLOTHING

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IN INHALED

Move person to fresh air. If person is not breathing call 911 or an ambulance then give artificial respiration preferably by mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. NOTE TO PHYSICIAN: Atropine sulfate is the antidote of choice.

Environmental Hazards

This product is toxic to fish, birds and aquatic invertebrates. Do not apply directly to water areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment waters or rinseate.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To install or replace strip in mosquito trap: [See optional graphics]

Open canister/tube and take out packet containing pesticide strip, red velour landing strip, and black zip nylon cable tie. Open the enclosed packet and take out pesticide strip. Staple pesticide strip to the inside top rim of the canister/tube. (Step 1 /1.) Place red velour landing strip inside the tube so the strip reaches from the bottom of the canister/tube up and over the rim of the canister/tube. (Step 2./2.) Bend the red velour strip over the top edge. Thread zip tie through one side hole and up through the hole in the top of the lid. (Step 3./3.) Screw lid on to the canister making sure to secure red velour strip in place. (Step 4./4.) Slide zip tie around lid and tighten to itself to secure lid. (Step 5./5.) Fill canister/tube with water up to the side hole level. Place canister (tube) on ground or up to 3 feet above the ground in an area away from children and pets. Replace pesticide strip after 45 days.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **Storage:** Store unopened container in a cool, dry place until ready for use. Do not store with food. **Pesticide Disposal:** Wastes resulting from the use of this product must be disposed on site or at an approved wasted disposal facility. **Container Disposal:** Non refillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

Warranty and Disclaimer: To the extent consistent with applicable law, the seller makes no other express or implied warranty of merchantability or any other express or implied warranty.

Sub-Label B [For Use in Mosquito Traps]

Optional Label Claims

- Kills Mosquitoes That May Carry West Nile Virus, Dengue Fever, Yellow Fever, and Chikungunya
- Made in the USA
- Mosquitoes may also transmit West Nile Virus, Dengue Fever, Yellow Fever and Chikungunya.
- Female mosquitoes recognize this trap as a site to lay their eggs. Mosquitoes entering the trap will be killed or die shortly thereafter.
- Mosquitoes breed in standing water found outdoors in containers, pots, planters, gutters, tires, tree-holes, and low-laying areas. Remove water from these breeding sites before using the traps and monitor these areas regularly for best results. Traps should be placed in shaded areas out of reach of children and pets. Space traps 25 feet apart. Do not use on tables intended for serving food.
- No zapping; no lotions; no sprays; no electrical cords
- Easy to Set Up
- The Mosquito Trap-N-Kill is powered by the technologies of U.S Pat. 8,205,378, U.S. Patents 5,983,557, 6,185,861, 6,389,740
- The trap is working as long as you have water in the trap, the pesticide strip is in place and the pesticide strip is replaced on schedule, or sooner if live larvae (wigglers) are present in the trap.
