8730-61

Date of Issuance:
DEC 12 1995

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Conditional

(under FIFRA, as amended)

Name of Pesticide Product:
DISRUPT OFM

Name and Address of Registrant (include ZIP Code):

Hercon Environmental Corp.
P.O. Box 467 Aberdeen Rd
Emigsville, PA 17318-0467

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data and submit acceptable data as required for reregistration of your product under FIFRA sec. 3(c)(5).
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 8730-61".
 - b. Hercon must provide the Cas # for LC Flex X-5008 and identification information.
 - c. Identify Admex 760 and provide Cas # as well. This information can be sent directly to the Agency by the company.

Signature of Approving Official:

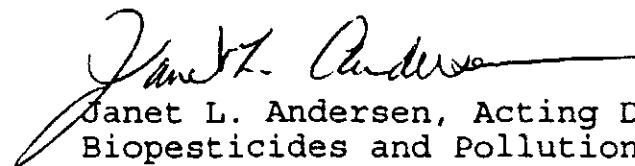

Date:

DEC 12 1995

page 2
EPA Reg. No.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Janet L. Andersen, Acting Director
Biopesticides and Pollution Prevention

HERCON®
DISRUPT® OFM
MATING DISRUPTANT
for control of
Oriental Fruit Moth, *Grapholita molesta*

DISRUPT OFM Mating Disruptant is a behavior modifying biochemical product (pheromone) which functions through mating disruption. It is to be used for control of infestation and damage caused by the oriental fruit moth, *Grapholita molesta*, in peaches, nectarines, apricots, plums, apples, quince, almonds and macadamia. The three-component blend of the oriental fruit moth pheromone is contained in, and released from, a hand-applied, solid matrix laminate dispenser.

ACTIVE INGREDIENTS:		
(Z)-8-Dodecen-1-yl acetate	_____	8.46 %
(E)-8-Dodecen-1-yl acetate	_____	0.55 %
(E)-8-Dodecen-1-ol	_____	0.09 %
INERT INGREDIENTS	_____	90.90 %
TOTAL	_____	100.00 %

NET WEIGHT: 250 mg pheromone active ingredients (AI)/dispenser
NET CONTENTS: 54 or 108 dispensers/package

KEEP OUT OF REACH OF CHILDREN
CAUTION

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

Do not open pouches until ready to use. Avoid prolonged contact with skin and eyes. Wash hands thoroughly with soap and water after handling. Keep out of reach of children and domestic animals.

STATEMENTS OF PRACTICAL TREATMENT

IF ON SKIN, wash with plenty of soap and warm water.
IF IN EYES, flush with plenty of water. Obtain medical attention if irritation persists.

Environmental Hazards

Keep out of lakes, ponds or streams. Do not contaminate water by disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

RECOMMENDED APPLICATION: For use on peach, nectarine, apricot, plum, apple, quince, almond and macadamia trees or where the oriental fruit moth is a problem. The recommended application rate of **DISRUPT OFM** is 108 dispensers per acre. This is equivalent to 27 grams of oriental fruit moth pheromone AI per acre. Reapply **DISRUPT OFM** after 90 days, or sooner as needed, based on local conditions and monitoring results and field scouting. Do not exceed a total application rate of 150 grams AI per acre per year.

METHOD OF APPLICATION: Do not open pouches until ready to use. Do not use **DISRUPT OFM** from damaged, punctured or unsealed bags. Apply the first **DISRUPT OFM** treatment early in the season prior to the first adult oriental fruit moth emergence. Monitor for infestation with a pheromone-baited trap, such as the Hercon **OFM Scout** monitoring system, and by visual inspection of trees and fruit.

Remove one dispenser from the pouch and apply by hand to small limbs of crop to be protected. Place dispensers 6 to 8 feet from the ground or higher, if desired. Attach dispenser by pushing limb into the center notch of the dispenser holder. Apply the **DISRUPT OFM** dispensers evenly throughout the treatment block.

Wash hands after application. Do not handle **DISRUPT OFM** or other types of insect lures before or after lure placement without thoroughly washing hands. Place monitoring traps in the orchard before handling **DISRUPT OFM**. Monitoring should begin early and continued throughout the season to help assess the effectiveness of the treatment. Monitor treatments closely, particularly for secondary pests such as peach twig borer. Reseal any unused dispensers in pouches immediately after use and store in a cool dry place, preferably in a refrigerator or freezer.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store pouches in a cool dry place until used.

DISPENSER DISPOSAL: Wrap used dispensers in newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty pouches. Discard in trash.

WARRANTY AND LIMITATION OF DAMAGES

Hercon Environmental Corporation warrants that this material conforms to the chemical description on the label. Hercon Environmental neither makes, nor authorizes any agent or representative to make, any other warranty of fitness or of merchantability, guarantee or representation, express or implied, concerning this material. Hercon Environmental's maximum liability for breach of this warranty shall not exceed the purchase price of this product. Buyer and user acknowledge and assume all risks and liabilities resulting from the handling, storage and use of this material, whether in accordance with directions or not.
