PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful or fatal if swallowed. May be absorbed through skin. Causes irritation. Avoid breathing vapor or spray mist. Use in well-ventilated areas. Avoid contact with skin, eyes or clothing. In case of contact, immediately remove contaminated clothing and wash skin with copious water. Flush face with plenty of water and get medical attention. Wash clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not contaminate water. Keep out of streams, rivers, lakes, ponds, ditches, waterways, and other bodies of water. Do not discharge into drains or sewers.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, spill or store near heat or open flame.

FIRST AID

In case of contact, wash skin with soap and water. For eyes, flush with plenty of water for at least 15 minutes and get medical attention immediately. Remove and wash out contaminated clothing before reuse. If swallowed, do not induce vomiting. Drink profusely a large quantity of milk, egg whites, gelatin, or fruit juice if these are not available, drink large quantities of water. Do not alcohol. **Call a physician immediately.**

STORAGE AND DISPOSAL

Keep out of reach of children. Keep out of reach of animals. Do not use in confined spaces. Do not use in areas where fire or explosion is a hazard. Empty containers should be properly disposed of. Do not reuse.

SURFACE PREPARATION

Surfaces must be properly prepared. Remove all dirt, grease, oil, and other contaminants. Wash surfaces with water and detergent. Allow to dry completely before application.

For oil stain removal, first be scrubbed with solution of 1 part of Citracid and 100 parts of 10% sodium phosphate per gallon of water. Wear rubber gloves. Take precautions to protect plants and bare soil. Rinse with clear water. Allow 24 hours to dry. Then apply Kyanize Oil Stain & Wood Preservative. Exterior surfaces should be weathered three months before application. For interior surfaces, weathered 30 days before application.

Spreading Rate: About 1/2" per day for two coats of shingles, 1/4" per day for siding, 1/8" per day for flat roofs. Two coats of shingles, smooth, long eaves, etc.

Thinning: Not necessary with proper brush. Do not add anything other than water.

Drying Time: 4 hours for shingles, 24 hours for siding, 48 hours for flat roofs.

Cleaning Up: Wash brushes with water. Do not use solvents.
