

ALGEGONE

ACTIVE INGREDIENT 60%
Poly(oxyethylene (dimehtyliminio)
ethylene (dimethyliminio) ethylene
dichloride)
INERT INGREDIENT 40%
Net contents One Quart
This product contains 5.76 lb. of active
ingredient per gallon and weighs 9.6 lb.
per gallon.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ALGEGONE

ALGEGONE is used to control the growth of algae in swimming pools, exterior spas, whirlpools, and hot tubs. For maximum effectiveness pools, spas, whirlpools, and hot tubs containing heavy growth of algae should be cleaned prior to using ALGEGONE.

For pools having just visible algae growth add an initial dose of 11 to 17 fluid ounces of ALGEGONE per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 6 to 11 fluid ounces of ALGEGONE per 10,000 gallons of water. Subsequent additions of 2 to 4 fluid ounces of ALGEGONE per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, or hot tubs having just visible algae growth require an initial dose of 1 to 2 fluid ounces of ALGEGONE per 1000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, or hot tub, add initially 0.6 to 1.1 fluid ounces of ALGEGONE per 1,000 gallons of water. Subsequent additions of 0.2 to 0.4 fluid ounces of ALGEGONE should be made every 5 to 7 days after initial treatment for maintenance.

ALGEGONE is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. ALGEGONE can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix ALGEGONE with concentrated dry or liquid chlorine products.

ALGEGONE contains an organic polymer which helps clarify and settle dirt in pools, contains no metals, and is non-foaming.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

STORAGE & DISPOSAL: Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment. Rinsate that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Open dumping is prohibited. Do not reuse empty container. Triple rinse and incinerate or dispose of in an approved landfill or bury in a safe place.
