

DANGER: STRONG OXIDIZER. CONTACT WITH OTHER MATERIALS MAY CAUSE FIRE. Keep product dry. Store in cool dry place. Keep away from open flames and excessive heat and combustible materials. Keep container tightly closed. Do not mix product in same vessel or container with other pool chemicals. Violent reaction and, or, noxious gases may result. Avoid contamination with foreign materials such as household detergents and cleaners, acids, paints, solvents, beverages, etc. **DO NOT MIX WITH OTHER KINDS OF CHLORINE COMPOUNDS. EITHER DRY OR IN SOLUTION.** Do not re-use container. Rinse with water before discarding to waste. Small amounts of product mingled with liquid waste can cause garbage fires.

DANGER: CORROSIVE. CAUSES EYE DAMAGE. DO NOT GET IN EYES. MAY CAUSE BURNS ON BROKEN SKIN. AVOID CONTACT WITH EYES, MUCOUS MEMBRANES, AND CLOTHING. MAY BE FATAL OR HARMFUL IF SWALLOWED.

FIRST AID:

INTERNAL: Drink large quantities of milk or water. Follow with milk of magnesia or vegetable oil. Call physician immediately.
EXTERNAL - EYES: Wash eyes with water for 10 minutes. See a physician immediately. Eyes should be irrigated at once by qualified medical person.
EXTERNAL - SKIN: Flush with water for 15 minutes. Wash with mild soap. If irritation or burn appears, see a physician.

NOTE: This product is toxic to fish. Treated pool effluent water should not be discharged where it will drain into lake, stream, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of waste.

Use this product only as specified on this label.

Active Ingredient: Trichloro-s-Triazinetrione 100%
Available Chlorine: 85%

NET WT. 4 LBS.

Contains 12 5-1/3oz. tablets

DIRECTIONS FOR USE AT TIME OF POOL OPENING

1. Superior care to satisfy the chlorine demand of raw water. Chlorine should be added to the water before it enters the pool.
2. Shock or Granular should be added to the pool water before the pool is opened.
3. If possible, in late spring, the pool should be opened in the morning before entering the pool.
4. If the pool is opened in the afternoon, the pool should be opened in the morning before entering the pool.
5. If the pool is opened in the afternoon, the pool should be opened in the morning before entering the pool.
6. If the pool is opened in the afternoon, the pool should be opened in the morning before entering the pool.
7. If the pool is opened in the afternoon, the pool should be opened in the morning before entering the pool.
8. If the pool is opened in the afternoon, the pool should be opened in the morning before entering the pool.
9. If the pool is opened in the afternoon, the pool should be opened in the morning before entering the pool.
10. If the pool is opened in the afternoon, the pool should be opened in the morning before entering the pool.

REGULAR MAINTENANCE

1. The pool should be opened in the morning before entering the pool.
2. The pool should be opened in the morning before entering the pool.
3. The pool should be opened in the morning before entering the pool.
4. The pool should be opened in the morning before entering the pool.
5. The pool should be opened in the morning before entering the pool.
6. The pool should be opened in the morning before entering the pool.
7. The pool should be opened in the morning before entering the pool.
8. The pool should be opened in the morning before entering the pool.
9. The pool should be opened in the morning before entering the pool.
10. The pool should be opened in the morning before entering the pool.

SUPPLEMENTARY TREATMENT

1. The pool should be opened in the morning before entering the pool.
2. The pool should be opened in the morning before entering the pool.
3. The pool should be opened in the morning before entering the pool.
4. The pool should be opened in the morning before entering the pool.
5. The pool should be opened in the morning before entering the pool.
6. The pool should be opened in the morning before entering the pool.
7. The pool should be opened in the morning before entering the pool.
8. The pool should be opened in the morning before entering the pool.
9. The pool should be opened in the morning before entering the pool.
10. The pool should be opened in the morning before entering the pool.

DO NOT DROP TABLETS DIRECTLY INTO POOL. BLEACHED LINER OR FADED PAINT MAY RESULT.
