

# CHLORINE SANITIZER

**ACTIVE INGREDIENT:**

Sodium Dichloro-s-Triazinetrione (Providing 13.0% Available Chlorine) **20.7%**

**INERT INGREDIENTS:**

**79.3%**

## TO SANITIZE DAIRY EQUIPMENT

After each use clean equipment. Immediately before reuse rinse with or immerse for 2 minutes in a 95 degree solution containing 1 oz. of Metz Chlorine Sanitizer for each 10 gals. of water required. Solution will contain 100 ppm available chlorine.

## WARNING — Keep out of the reach of children.

Metz Chlorine Sanitizer contains Sodium Dichloro-s-Triazinetrione. Do not take internally. "Harmful if swallowed." Causes skin and eye irritation. Avoid contact with skin and eyes. Avoid contamination of food. In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician. **DO NOT MIX WITH ACID DAIRY CLEANSERS.**

**Container Disposal:**

Rinse empty bag thoroughly with water and discard.

**Net wt. 5 lbs.**
